Tapestry

Annual Report 2024–25

A tapestry is more than a pattern; it is a story woven from countless individual threads. Each thread, distinct in colour and texture, intertwining to create something larger, beautiful and enduring.

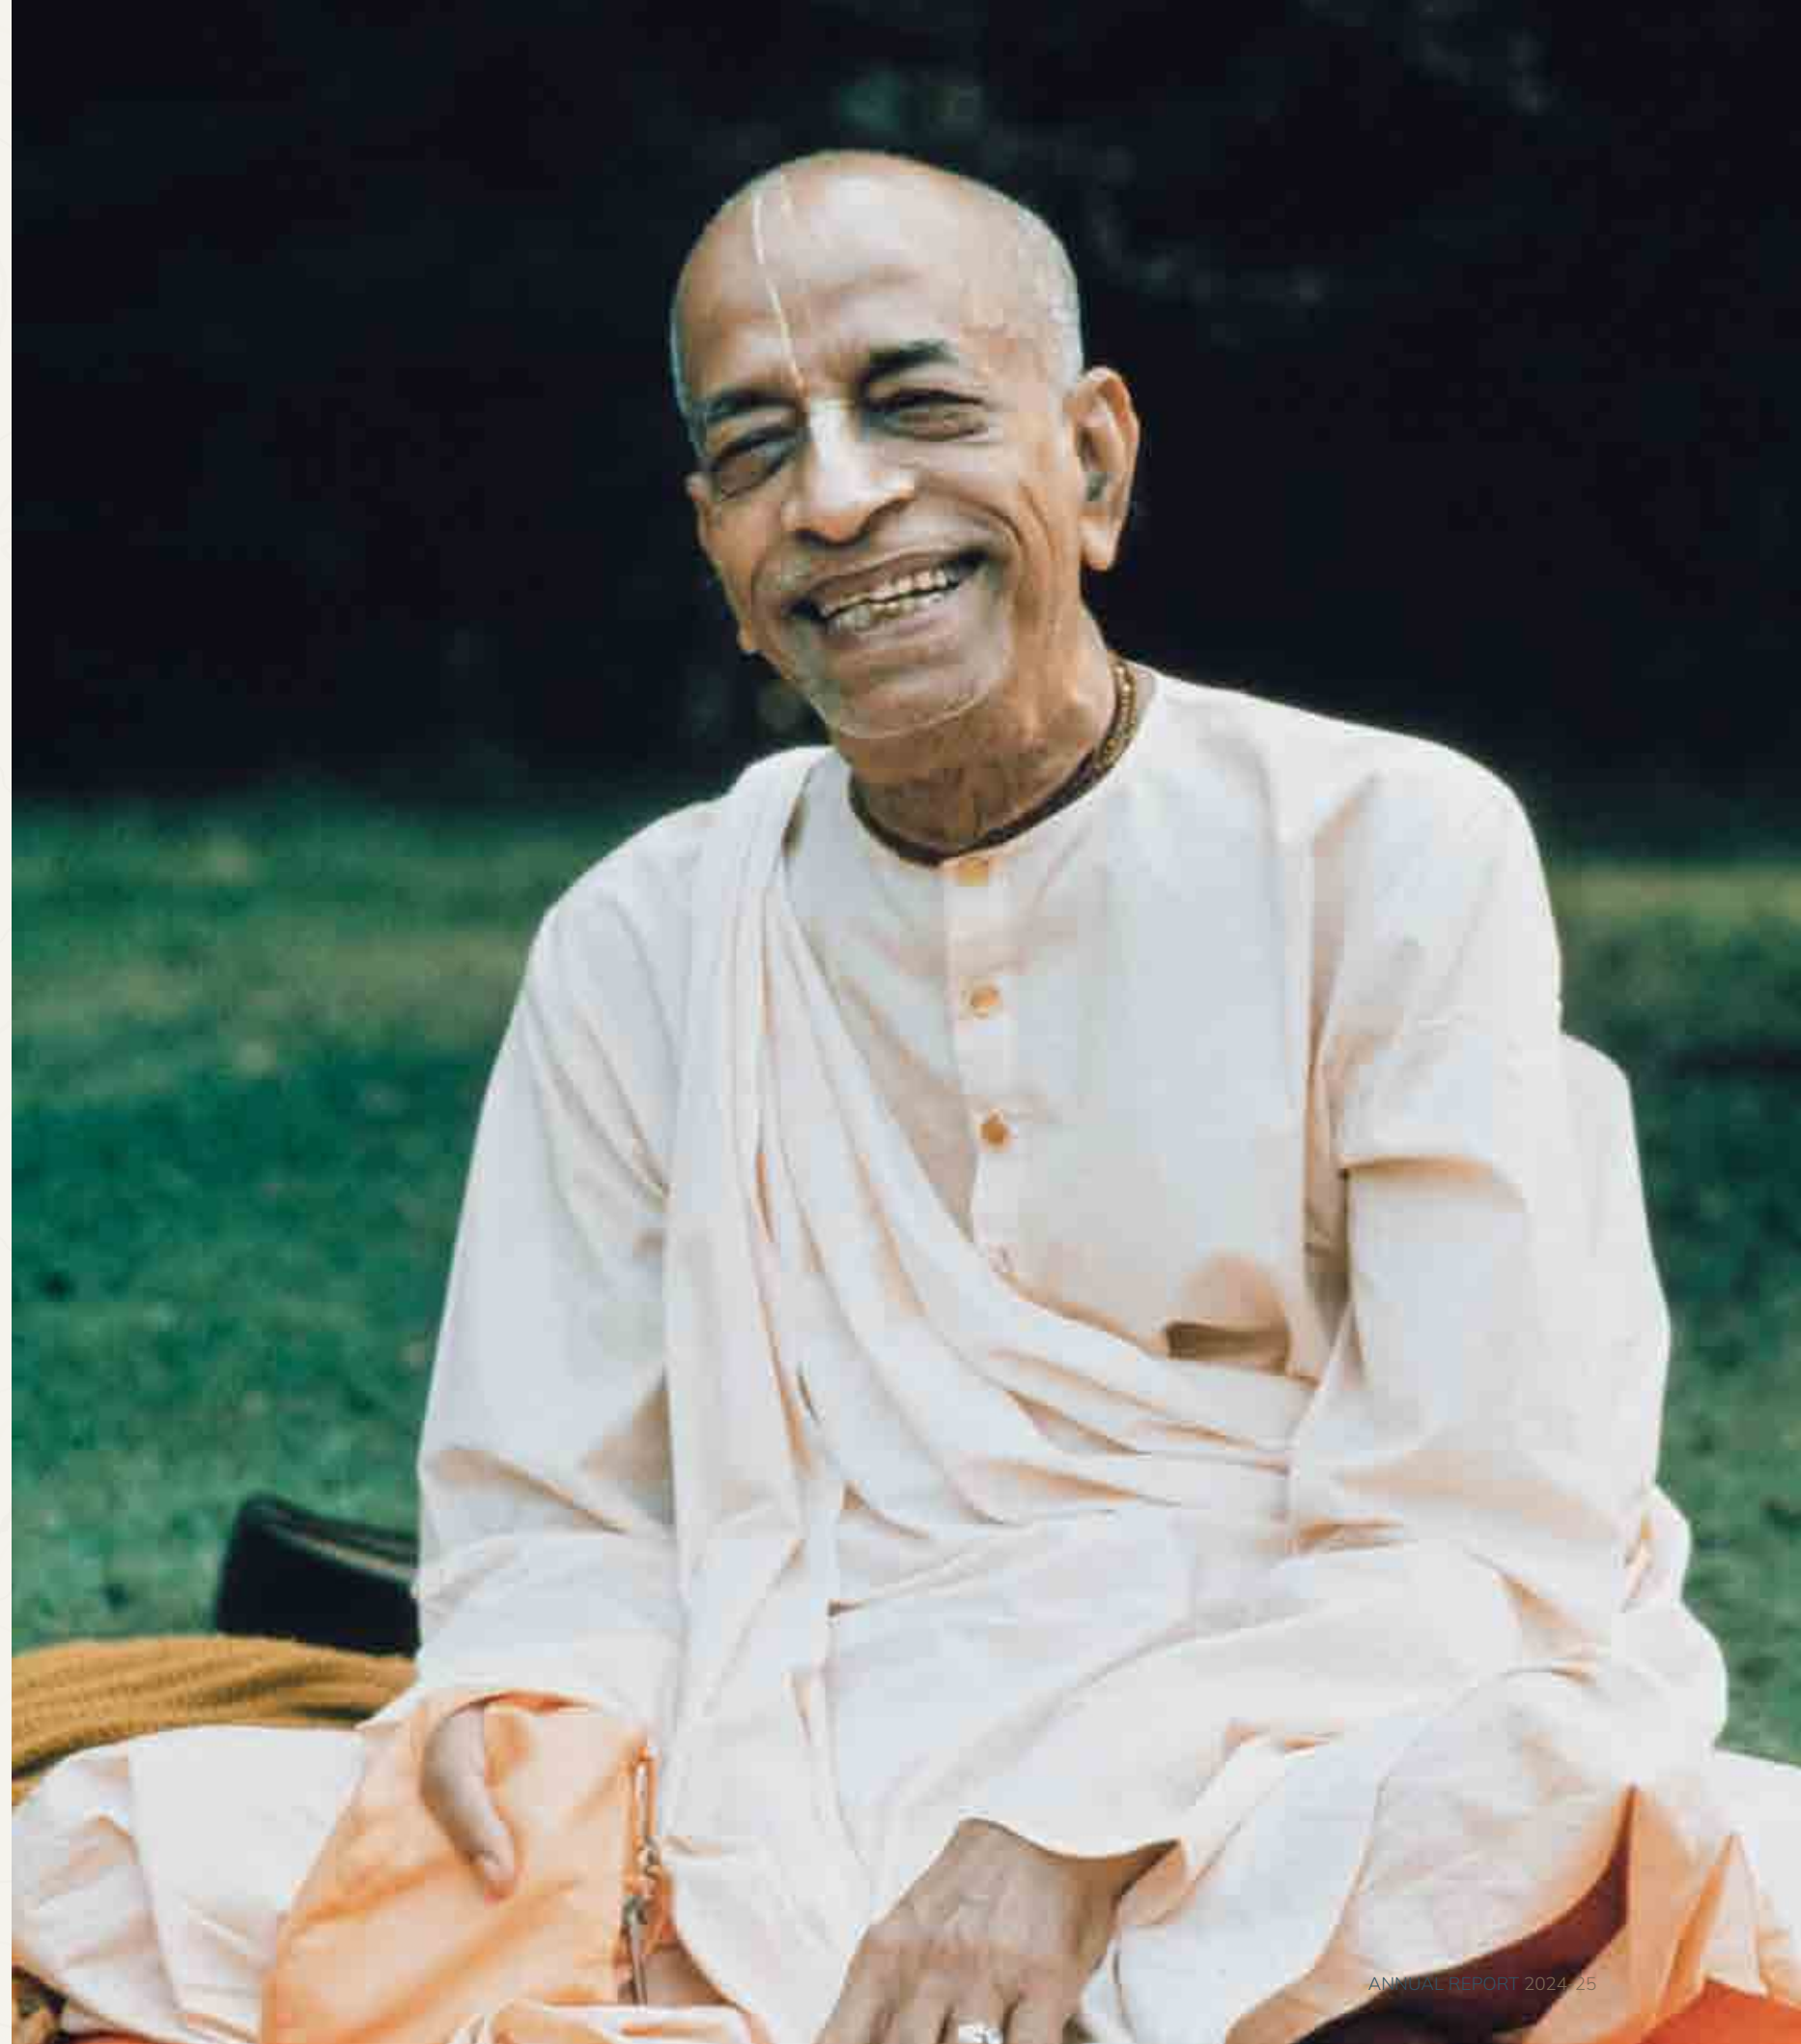

That's precisely what Akshaya Patra represents: a living tapestry of compassion and collaboration spread across India's vast and varied landscape. Every region adds its own hue... its children, communities, kitchen staff, volunteers, donors and governments, woven together by a shared vision: No child in India shall be deprived of education because of hunger.

'Tapestry' celebrates this intertwining, the way our work threads together 16 states and 3 union territories, to serve nutritious mid-day meals to children in government schools every day, anchoring health and hope.

A Story of Compassion

One day, while looking out of a window in Mayapur, a small hamlet near Calcutta, Srila Prabhupada saw a group of children fighting with stray dogs over scraps of food. Deeply moved by the incident, he directed his followers to ensure that no one within a ten-mile radius of his centre goes hungry. His resolve inspired the genesis of The Akshaya Patra Foundation and its vision, 'No child in India shall be deprived of education because of hunger.'

**His Divine Grace
A.C. Bhaktivedanta Swami Prabhupada**

Chairman's Message

As I reflect on Akshaya Patra's journey, I feel humbled and honoured.

In 2000, the 'Akshaya Patra' that we have built today was only a vision. 24 years later, I am humbled to witness the impact of our relentless efforts. We were serving our first 1,500 children in Bengaluru then. Today, we serve over 22.5 lakh children. I am filled with immense gratitude as I look at Akshaya Patra's footprints across 16 states and 3 union territories.

It is not just about numbers though; it is about the lives we have touched, hope we have ignited among children, parents and communities, and futures we have helped shape. I have had the privilege of meeting some of these children, who are now successful professionals in their chosen fields. They still cherish the hot, tasty and nutritious meals they received from Akshaya Patra and speak about how it helped them pursue their aspirations.

These memories stay with me as cherished treasures. I remember the countless hours we spent working on our kitchen infrastructure, modifying our kitchen equipment and perfecting our recipes to ensure that our children received a balanced and delicious meal. From *dal dhokli* in Gujarat to *pitha* in Assam, from *laapsi* in Rajasthan to *bisi bele bath* in Karnataka – every dish was a labour of love.

As we grew, we faced our share of challenges... reaching remote areas, navigating difficult terrain and dealing with unpredictable weather conditions. But we persevered in our mission to nourish every child across geographies.

Our efforts are constantly powered by the larger purpose of serving humanity and building a bridge between the generous and those in need. During testing times, we did not hesitate to expand our 'Food for Education' approach to 'food for all those in need'. Natural disasters tested our resolve, but we did not waver and mobilised support to provide nutritional assistance to the survivors. It was a moment of truth and I am grateful for the unwavering support of our partners, who stood by us through thick and thin.

I am pleased to share that last financial year, we established five new kitchens – Chikkajala, Avalahalli and Mahadevpura in Karnataka, Pilerne in Goa and Kanpur in Uttar Pradesh. Our centralised kitchen in Goa opened up new opportunities to nurture children in yet another geography, broadening the impact of mid-day meals across India. I extend my heartfelt thanks to the Government of Goa for welcoming us and enabling us to extend our support to children in the state – a new chapter for us.

With progress comes a deeper commitment to the well-being of our people and environment. Our pursuit of sustainability continues as we expand because a healthy future for India's children is inseparably interwoven with a safe and clean environment. That is why we are determined to support India's efforts towards achieving the United Nations' Sustainable Development Goals (SDGs).

We are also collaborating internationally and sharing our knowledge and experience over the last two decades in the child nutrition space. Last year, we partnered with Food4Education, a Kenya-based social impact organisation, to share best practices in implementing the school lunch programme for school children.

As we enter our 25th year of service, I am filled with gratitude for the incredible journey we have shared. We have made a diverse impact across communities and it is a privilege to have played a part in shaping the lives of millions. Our success is a tribute to the unyielding commitment of our stakeholders – the Government of India, state governments, union territory administrations, philanthropists, corporate partners, individuals, volunteers, well-wishers and employees who have worked tirelessly to bring our vision to life.

As I look to the future, I'm filled with hope and optimism....

We have come a long way, yet there's still more ground to cover, more milestones to cross and more children to empower!

”

Thank you for being a part of this journey.

Madhu Pandit Dasa
Founder and Chairman,
The Akshaya Patra Foundation

Essence of Akshaya Patra

Vision

'No child in India shall be deprived of education because of hunger'

Mission

'To feed 30 lakh children every school day by 2025'

Values

- Compassion
- Integrity
- Quality
- Synergy
- Trustworthiness
- Devotion

Beneficiaries

We serve children in government and government-aided schools, children, pregnant women and nursing mothers in Anganwadis, and vulnerable communities across the country during emergencies.

Core Programme

Our core programme is the school feeding initiative we started in June 2000 with the feeding of 1,500 children in five government schools of Bengaluru, Karnataka. Today, as the implementing partner for PM POSHAN, we serve over 22.5 lakh children across 16 states and 3 UTs.

Purpose

To provide wholesome and nutritious meals every school day to children, thereby addressing classroom hunger, promoting education and developing confident citizens for the nation.

Other Feeding Initiatives

- Anganwadi feeding
- Feeding programmes in special schools
- Feeding programmes for old-age homes
- Feeding homeless mothers
- Humanitarian food assistance
- Morning Nutrition Programme

Social Initiatives

- Scholarship programme
- School rejuvenation
- Remedial classes – Abhay

A Successful Public-Private Partnership

Akshaya Patra implements the PM POSHAN initiative (formerly the Mid-Day Meal Scheme) in partnership with the Government of India, State Governments and UT Administrations with the corporate partners and individual donors extending their generous support to our cause. The synergy of various stakeholders coming together for a common goal helps achieve the full potential of the programme, thus making this an efficient and much admired public-private partnership in the development sector.

Government & Akshaya Patra

The Government of India has consistently prioritised nutrition as a cornerstone of child welfare, as evident from the various national initiatives launched over the years to enhance the health and well-being of children and women. A significant milestone in this journey was the launch of the National Programme of Nutritional Support to Primary Education (NP-NSPE) in 1995. In 2001, following a Supreme Court mandate, the programme transitioned from providing grains to serving cooked mid-day meals in government and government-aided schools—and came to be known as the Mid-Day Meal (MDM) Scheme. In 2021, it was reconstructed as the 'PM POSHAN' initiative with a broader and more integrated vision.

Despite changes in form and structure, the objective of the programme remained constant: to enhance the effectiveness of primary education by addressing classroom hunger and improving children's nutritional status. All along, it has complemented Akshaya Patra's vision – 'No child in India shall be deprived of education because of hunger' and served as an impetus to the Foundation's efforts to support children's health and education by providing them nourishing school meals.

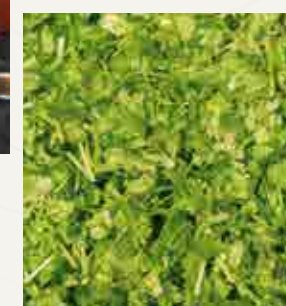

Akshaya Patra was started in 2000 with the feeding of 1,500 children in Bengaluru. In 2003, the Foundation formalised a Public-Private Partnership with the Government of Karnataka through a Memorandum of Understanding (MoU) to implement the *Akshara Dasoha* programme. The collaboration marked a pioneering step in institutionalising school meal delivery. The steadfast support from the Government helped the Foundation grow from strength to strength. Today, it works with the Government of India, 16 State Governments and 3 UT Administrations to serve over 22.5 lakh children across 78 locations every school day.

The Foundation's growth has been supported by government assistance in the form of permissions, policy frameworks, grants and subsidies, enabling the implementation of both feeding and non-feeding programmes on a wide scale. In FY 2024-25, Akshaya Patra began feeding operations in five new locations under PM POSHAN, reaching an additional 47,500 children. The Ministry of Finance (MoF) and the Ministry of Corporate Affairs (MCA) enabled the Foundation to raise funds from within the country under Section 80G of the Income Tax (IT) Act and overseas under the Foreign Contribution Regulation Act (FCRA), 1976.

In FY 2024-25, Akshaya Patra began feeding operations in five new locations under PM POSHAN, reaching an additional 47,500 children.

With transparency and accountability central to its operations, the Foundation publishes its financial reports on time each year. In FY 2024-25, Government contributions towards PM POSHAN (Mid-Day Meal Scheme) and POSHAN Abhiyaan (ICDS Anganwadi feeding) stood at ₹42,093.64 lakhs, while the Foundation's total income was ₹85,746.61 lakhs.

At the policy level, Akshaya Patra contributes to policy dialogue and sectoral advocacy. On the ground, it runs capacity-building initiatives for cook-cum-helpers (CCHs), enhancing safety, quality and efficiency in school lunch programme across the country. With India's diversity presenting unique challenges in food preferences and delivery, Akshaya Patra has always strived to collaborate with State Governments to develop region-specific menus that align with local tastes while meeting nutritional guidelines. These efforts are backed by ongoing research and operational innovations, ensuring that meals are both culturally relevant and nutritionally balanced.

Akshaya Patra contributes to policy dialogue and sectoral advocacy. On the ground, it runs capacity-building initiatives for cook-cum-helpers (CCHs), enhancing safety, quality and efficiency in school lunch programme across the country

In times of crisis, Akshaya Patra has stepped up to provide critical support. In collaboration with the Government, the National Disaster Response Force (NDRF) and other stakeholders, the Foundation supported the survivors in Kerala, Andhra Pradesh and Assam with timely and essential food relief services as they recovered and rebuilt.

The Foundation's work also aligns with the nation's pursuit of various national and global development priorities, including the UN Sustainable Development Goals (SDGs). Its core programmes directly support SDG 2 – Zero Hunger and SDG 4 – Quality Education. On the other hand, it indirectly contributes to other goals such as SDG 1 – No Poverty, SDG 5 – Gender Equality, SDG 7 – Affordable and Clean Energy, SDG 8 – Decent Work and Economic Growth and SDG 10 – Reduced Inequalities.

Akshaya Patra is grateful to the Hon'ble Union Minister for Education (MoE) Dharmendra Pradhan and the Hon'ble Union Minister of Women & Child Development Annapurna Devi for their guidance and assistance.

The commendable partnership between the Government of India and Akshaya Patra—now in its third decade—is a testament to the power of collaborative action. It demonstrates how shared purpose can lead to large-scale impact.

This partnership continue to work towards a future where no child goes to school hungry and every child has the opportunity to learn, grow and thrive.

Partnerships with the Government of India,
State Governments and UT Administrations

Akshaya Patra extends its gratitude to the Ministry of Education and the Ministry of Women and Child Development, Government of India, and the following State Governments and UT Administrations.

Nourishing Diversity, Nurturing Dreams

From bustling urban kitchens to quiet, hopeful classrooms in various locations, Akshaya Patra's journey across 16 states and 3 Union Territories is more than just a number. It's a living story of nourishment, equity and the joy that a warm, nourishing meal can bring to a child's day. The term 'Tapestry' symbolises the organisation's ability to operate at a national scale while remaining deeply rooted in local realities - woven together through children, communities, kitchens, staff, volunteers, donors and governments. It represents Akshaya Patra's ability to operate at a national scale while remaining deeply rooted in local realities. It reflects the diversity of children served, the variety of meals cooked and the shared goal of building a healthier, better-educated generation. Tapestry stands as a reminder of our collective commitment to the vision: *"No child in India shall be deprived of education because of hunger."*

Growth Story

Since its inception in Bengaluru in 2000, Akshaya Patra has grown to serve over 22.5 lakh children every school day, across 78 locations, through the PM POSHAN initiative (Mid-Day Meal Programme) in partnership with the Government of India, State Governments and UT Administrations.

The organisation runs 76 centralised kitchens and has adopted the decentralised kitchen model in 2 locations, reaching out to children with timely nutrition. Children from 23,000+ government and government-aided schools in urban and peri-urban regions receive these meals.

More Than a Meal: Impact at Multiple Levels

For many children, the mid-day meal is the only guaranteed meal of the day. For parents from lower income groups, it is an assurance that their child receives a nutritious meal—an encouragement to send them to school. For teachers, it offers a structured system that enables them to focus more on teaching rather than monitoring administrative activities concerning school meals.

A well-fed child is more attentive, energetic and consistent in school attendance. The programme improves nutritional levels, boosts classroom participation and supports better learning outcomes. In underserved communities, it has become a powerful enabler of foundational literacy and numeracy.

Diverse in Delivery, Unified in Purpose

Every child brings with them a unique background, a distinct dialect and a deeply rooted culinary identity. The Foundation serves children from every corner of India coming from different regions, religions, languages and cultures. Its meals are as diverse as their roots, yet bound by a common purpose: to nourish children and build a healthier tomorrow through nutrition.

Akshaya Patra's menu is planned understanding India's culinary diversity. The kitchens adapt to local food habits, cultural sensitivities and seasonal availability, ensuring that every child receives a meal that feels both nourishing and familiar.

Each kitchen prepares meals that align with local preferences and dietary habits — *khichdi* in Uttar Pradesh, *dalma* in Odisha, *bisi bele bath* and *sambar* rice in Southern part of the country.

Though the menu varies regionally, nutrition standards remain consistent as per PM POSHAN guidelines. Local procurement ensures freshness. Many of the kitchen staff are from the same communities they serve—some are parents of the children—bringing personal care and cultural understanding to each meal.

Precision in Process, Passion in Practice

Ensuring that over 20 lakhs children receive safe, fresh and timely meals daily is no small feat. It requires a system defined by discipline, innovation and care — one that begins long before the food reaches the plate.

Each Akshaya Patra kitchen adheres to stringent protocols prioritising food safety, quality and punctual delivery. Kitchens follow Good Manufacturing Practices (GMP) and undergo regular audits to maintain hygiene standards. Inventory is managed using FIFO (First-In, First-Out) and FEFO (First-Expiry, First-Out) systems. Pest control routines, kitchen maintenance and regular cleanliness checks are enforced across all locations.

Temperature checks are conducted at multiple stages to ensure that meals remain hot and safe during delivery. GPS-enabled delivery vehicles follow optimised routes to ensure meals arrive on time. From raw material sourcing to the last-mile drop-off, quality checks are embedded in every process—reinforcing Akshaya Patra's unwavering commitment to excellence.

Beyond Meals Initiatives

The Beyond Meals initiative supports children’s overall development. Programmes focus on hygiene, education, school infrastructure and scholarships. Aspirational in nature, ‘Tapestry’ is not just the depth of what Akshaya Patra does, but a reflection of what it stands for: a woven national effort anchored in scale, discipline and impact. With a well-established network of centralised and decentralised kitchens, every expansion is driven by data, guided by scientific planning and aligned with government protocols. Each new location represents not just numbers but children whose futures are now nourished and strengthened.

Akshaya Patra aspires to reach new geographies, touching more lives and staying true to the vision: *No child in India shall be deprived of education because of hunger.*

Sustainable Practices

Sustainability is a core pillar of Akshaya Patra’s kitchen operations. Several kitchens are equipped with rooftop solar panels, EV vehicles, biomass briquettes made from agricultural waste, biogas plants and smokeless stoves. Kitchens also feature energy-efficient boilers, RO (Reverse Osmosis) water systems and Effluent Treatment Plants (ETPs) to ensure responsible water usage. By integrating these green technologies and practices, Akshaya Patra not only reduces its carbon footprint but also reinforces the long-term scalability and environmental responsibility of its feeding programmes.

Relief Feeding: Rising to the Need of the Hour

While school feeding is the core focus, Akshaya Patra has consistently stepped up during crises - from the Assam floods and Wayanad landslides to the Nepal earthquake and COVID-19.

When the Government initiates relief efforts, Akshaya Patra responds with urgency and scale, ensuring food security is never compromised. Upon invitation, the organisation served cooked meals to lakhs of people at the Mahakumbh Mela, maintaining the same hygiene and safety standards.

Distribution centres are rapidly set up under the supervision of the quality and operations teams, ensuring uninterrupted, dignified and hygienic food service during emergencies.

Assam

Since 2010, when Akshaya Patra began serving mid-day meals in Assam, our reach has grown to 0.43 lakh children in two locations.

Beyond Meals, Empowering Futures

Every child deserves an opportunity to thrive and every dream a chance to come true. Adequate care and a proper nurturing environment will lay the foundation for a good childhood.

Guided by this belief, Akshaya Patra's journey, which began with providing mid-day meals, has evolved significantly over the years. To truly empower a child, we understand the necessity to go beyond meals. Thus, through a range of impactful programmes, the organisation strives to address the multifaceted needs of children in government and government-aided schools.

Here is how we are working to achieve that:

Scholarship Programme: Paving the way for higher education

Financial difficulties often steal dreams away. Witnessing the challenges that children from marginalised communities face in pursuing higher studies, Akshaya Patra launched the Scholarship Programme in 2014. Through this programme, we help deserving students to overcome such hurdles. This support is not merely about covering fees, it is about motivating students in their pursuit of academic excellence.

The programme, which began with 19 students, has expanded significantly, now providing aid to 305 students in the financial year 2024 -2025. The impact of this programme is a testament to how crucial the educational funding is in smoothing children's path to their dreams.

National Endeavour for Student Transformation (NEST): For a better learning experience

NEST is yet another programme that aims to transform children's lives by giving an environment where children can learn, play and eat safely. While access to nutritious meals is essential to keep children in school, meaningful learning outcomes depend on what happens inside the classroom and outside it. In view of this, we introduced the NEST Programme to enhance the overall schooling experience by focusing on school infrastructure and talent development. By addressing the barriers to quality education and offering opportunities beyond textbooks, NEST seeks to transform schools into nurturing spaces where children can both enjoy learning and excel in academics.

Under NEST, we implement two key initiatives:

1. School Rejuvenation Programme

Better schooling experience comes with children receiving a conducive environment where they joyfully nourish both their body and mind.

Through our School Rejuvenation Programme, we seek to create a safe, engaging and dignified space where children can learn and have a better meal experience. By improving classrooms, dining areas, infrastructure and sanitation facilities, we aim to enhance the overall school environment. By addressing the challenges of each school, we strive to provide customised solutions. From providing separate and hygienic restrooms for boys and girls to ensuring adequate drinking water facilities, Akshaya Patra, through NEST, directly contributes to the UN Sustainable Development Goals (SDGs) – Goal 4 (Quality Education) and Goal 6 (Clean Water and Sanitation).

Our notable projects in this year include:

- ♦ The complete construction of GHPS Lakshmipura in Bengaluru, Karnataka.
- ♦ Establishment of essential MDM facilities at the GHPS and GHS Kaggalahalli in Ramanagara taluk, Karnataka, which includes a dining shed, filtered drinking water, handwashing stations and lunch plates and glasses for school children.
- ♦ Work is underway at Sanklit Nagar Primary School-2 in Ahmedabad, Gujarat, to make the necessary improvements to provide a better learning experience.

Government of
Chhattisgarh

Chhattisgarh

Akshaya Patra launched its mid-day meal initiative in Chhattisgarh in 2009. Today, we nourish 0.20 lakh children in one location in the state.

2. Giving Every Dream a Chance

Every child has a dream and each dream is valid. However, like seedlings, these can wither without proper nurturing. Many children, especially from limited socio-economic backgrounds give up on their dreams seeing the numerous challenges that lay ahead their way.

To turn aspirations into achievements, children need opportunities and support. Launched in 2016, Giving Every Dream a Chance is a programme dedicated to providing additional support for children. Children are guided, coached and groomed by experts, in the field of their choice. The programme has shown remarkable success in nurturing children's inherent talents and helping them explore their potential.

Akshaya Patra Alumni Network (AAN) – Discovering the strength in connections

Launched on 1 August, 2023, AAN is a growing community of former beneficiaries of both mid-day meal and scholarship programmes. With a vision of empowering our children, the programme gives a platform for upskilling, networking and career guidance. It is a space where our beneficiaries reconnect, grow and inspire one another. By connecting current Akshaya Patra beneficiaries with our alumni, AAN aims to provide inspiring role models and encourage the next generation to pursue their dreams with confidence.

Through each of these programmes, Akshaya Patra aims to bring children closer to their dreams and ensure they receive everything they deserve. While mid-day meals protect children's right to nutrition, these broader initiatives aim to encompass their diverse needs and thus build a brighter and promising future.

Governance Model

The Akshaya Patra Foundation serves more than meals; it delivers on the promise of accountability, transparency and ethical service at scale across 16 states and 3 union territories. A well-thought governance policy is key to its success. Strict adherence to it helps the Foundation perform efficiently and ethically while creating value for its stakeholders.

At Akshaya Patra, good governance is not just a framework. It is a culture blending compassion with accountability, scale with ethics and efforts at the grassroots with national agendas. The Foundation strives for excellence through the adoption of best practices, compliance with laws and regulations and the culture of trusteeship. Every state and union territory brings its own set of policies, expectations and community dynamics. In this situation, transparency in operations and financials adds to the accountability of the Foundation's programmes and the organisation as a whole.

As Akshaya Patra continues to serve children and communities, these governance practices serve as the silent force that enables scale, sustains trust and safeguards the vision:

No child in India shall be deprived of education because of hunger.

*Hunger Alleviation for
Enabling Education*

Our Identity

The Akshaya Patra Foundation is registered as an NGO under the Indian Trusts Act, 1882 (Reg. No. 154).

The Akshaya Patra Foundation is registered under Section 12A (a) of the Income Tax Act, 1961, and donations to the Foundation have been granted exemption under Section 80G of the Act. Akshaya Patra is also registered under CSR with the Ministry of Corporate Affairs (MCA) with the registration number CSR00000286.

The Akshaya Patra Foundation is registered under Section 6 (1) (a) of the Foreign Contribution (Regulation) Act, 2010 (FCRA Reg. No. 094421037).

Delhi

Akshaya Patra's journey began in Delhi in 2019.
Today, our mid-day meal programme reaches
0.77 lakh children through its four kitchens.

Pure notes, proud roots

Nakusha Bhat

In the heart of Rajasthan's Kishanpura village, lives a young girl whose voice carries generations of tradition and dreams of distant stages. Nakusha Bhat, a 5th standard student, is more than just a budding singer. Her story embodies the essence of cultural inheritance, discipline and ambition.

A Household of Simplicity and Strength

In Kishanpura, Nakusha lives with her parents, her elder sister, Hemalata, and her younger brother, Prince. Her mother, Kanchan Devi, manages the household and often helps on the farm. Nakusha's father, Sugan Bhat, balances responsibilities between farming and driving a transport vehicle to support the family.

Kindness in Her Heart

Nakusha may be known for her giggles and chatter, but she's just as gentle with little ones. "This is my friend's brother," she says, holding him close.

Trained by Legacy

Her father and grandfather, both singers, are her mentors. "She understands rhythm and notes well," her father shares. "If she continues like this, she can go far."

A Landscape of Potential

With the help of Akshaya Patra's school feeding programme, 223 children at Rajkiya Ucchh Madhyamik Vidyalaya, Kishanpura, are empowered to learn, grow and dream.

More Than Just Music

Apart from music and studies, Nakusha actively participates in co-curricular activities like gardening and school events. Her curiosity and discipline blossom not just through notes and books, but also in the plants she nurture.

Friendship and Learning Go Hand in Hand

At school, Nakusha finds comfort and companionship in her close friends—Anita, Radhika, Payal and Kavita. “We play together, study together and support each other,” she says with a soft smile.

Music is not just about notes, it's about feeling it

”

Nakusha Receiving Mid-Day Meal

“The food we receive from Akshaya Patra is delicious,” she says. “*Khichdi* is my favourite. I always look forward to the day it is served.” “The food is good. There is no issue with that,” her father adds.

Her World, Her Vision

“I want to be known as a singer one day,” she says. Her voice is already touching the world around her.

Caring hands, strong values

Ankush Kumar

Twelve-year-old Ankush is a 7th standard student at Uccha Prathmik Vidyalaya, Vrindavan, Uttar Pradesh. Calm and observant, he carries dreams far bigger than the narrow street he lives in.

Where Purpose Begins

As a member of the school's Environment Club, Ankush's sense of responsibility is visible long before you speak to him.

Steady and Focused

At school, Ankush's favourite subject is English. He often writes essays about nature, seasons, and his dream of becoming a doctor

Nurturing the Green

"I am in charge of weeding, watering the plants and adding manure," he shares earnestly. Gardening isn't a duty for Ankush—it's a joy.

A Hug that Heals

"I like to see plants grow. Like us," he says. The way Ankush shows care for nature is a sheer proof that his decision to become a doctor is rooted in compassion.

More Than Just a Meal

School didn't just give Ankush and his siblings education—it gave them nourishment too. "Ankush never misses his lunch," says his father, Satyaprakash. "He loves *sabzi-roti*, and Anjali loves the *kheer*."

Enjoying Life Everyday

Though he follows a disciplined routine, Ankush finds time to enjoy the simple joys of childhood. After tuition, Ankush wanders through the bylanes with his best friends, Lucky and Krishna. Their laughter echoes like wind chimes in the dusk.

Volunteering as a Team

Whether it's planting or cleaning, Ankush is always on his toes. His school sees him as a enthusiastic volunteer.

I will become a doctor at a government hospital. So, I can serve people who cannot afford treatment

”

Reflecting Strong Values

"My father taught us not to steal, not to lie... to study hard and to become good humans," he says.

Father and Son

“Until a child decides what they want to become, they will remain lost. Once they have a goal, they can climb mountains,” says Satyaprakash, proud of Ankush’s dream.

*Education
is something
we’ll never
compromise on*

”

A Tailor With Values

A tailor by profession, Satyaprakash runs his shop from home. Stitching clothes by day, he has spent years sewing together the moral fabric of his family.

Ankush’s character is fundamentally shaped by the wise words of his father, Satyaprakash.

A Legacy of Learning

Years ago, when there was no proper school, Ankush’s grandfather fought to establish the very one his grandchildren attend today.

With his parents, grandfather, elder brother and little sister, Ankush stands tall within a family that believes in dreams, dignity and the power of education.

Stakeholders

Collective action has been and will always be the backbone of The Akshaya Patra Foundation's efforts to support children's health and education. If Akshaya Patra serves 2.25 children across 16 states and 3 union territories today, it is because of the collective efforts of all its stakeholders. These include the Central Government, State Government, UT Administrations, corporate partners, individual donors, knowledge partners, volunteers, well-wishers, school authorities and the communities it serves.

From the mountains of Uttarakhand to the coastlines of Puducherry, across 16 states and 3 union territories, Akshaya Patra's stakeholders mirror the diversity of the geography and demography it serves.

The selfless dedication of its stakeholders—people from all walks of life—has helped the Foundation utilise resources and skills that foster the dreams of over 22.5 lakhs beneficiaries and provide food assistance to vulnerable communities in difficult times.

As the implementing partner of the PM POSHAN initiative (earlier known as the Mid-Day Meal Scheme), Akshaya Patra is grateful to its policy and grantmakers—the Central Government, State Governments and UT Administrations—for their support. The Foundation is also grateful to its corporate partners, individual contributors, bankers, professionals, employees, vendors, regulators and all those who are involved in its feeding endeavour and play a crucial role in sustaining its operations.

The generosity of these stakeholders—or the **changemakers** as Akshaya Patra likes to call them for they have continuously championed the growth of its cause—empowers it to focus on enhancing the effectiveness of welfare initiatives it implements. The Foundation is grateful to all these stakeholders for the vital role that they have played in maximising the impact of its mission to serve children and the larger society for a better tomorrow.

Jharkhand

Launched in Jharkhand in 2024, Akshaya Patra's mid-day meal initiative serves 0.02 lakh children in the state.

Our Collaborations

FY 2024-25

The Akshaya Patra Foundation operates on the Public-Private Partnership (PPP) model. Our partnerships with the Government of India, various State Governments, UT administrations, corporate partners, philanthropists, individual donors and all our stakeholders are the cornerstone of achieving our mission to provide wholesome mid-day meals to children across India.

We are immensely grateful for the meaningful collaborations we fostered in FY2024-25—from supporting mid-day meals, volunteering, enhancing our operational efficiency and strengthening our infrastructure to conducting programmes for the development and well-being of our beneficiaries and employees.

Support for our initiatives came from diverse organisations—such as Morningstar India, Lubrizol India, Danaher, HDFC AMC, Indigrid Investment Managers Limited, Indoco Remedies, Amnex InfoTechnologies, HSBC, Wells Fargo, to name a few. Through their contributions including electric vehicles, Effluent Treatment Plants (ETPs), biogas plants, essential kitchen equipment and volunteering efforts, we have been able to scale our efforts considerably.

In Hyderabad, Suven Pharma's generous support enabled us to renovate our Narsingi kitchen and enhance our feeding programme. Additionally, Gland Pharma's support allowed us to launch the Morning Nutrition Programme, while HUDCO's support helped us acquire electric vehicles and upgrade our Kandi kitchen. Dell celebrated Women's Day with a health camp for our women staff at Kandi kitchen and Deloitte's Impact Day saw over 1,000 volunteers participate in a single day.

In Bengaluru, we collaborated with Cargill to paint 1,013 blackboards across 99 schools in a single day, earning us a place in the Asia Book of Records. This initiative saw participation from over 1,000 volunteers and showcased the potential of collaborative efforts. Atlassian's in-kind donation of 900 licenses enabled us to streamline our operations. Other noteworthy collaborations include Western Digital's training session on hard disk technology for our beneficiaries, Walmart's Power BI training for our IT staff and HGS's telemarketing and financial literacy training for our female staff in the kitchen.

CME organised an eye check-up camp in Guwahati for 400 children, while Practo provided eye check-ups for employees and their families, with 32 receiving cataract treatment. Swiss Re conducted spoken English sessions for our Bengaluru kitchen staff and Curiosity Center introduced science application-based experiments to spark curiosity and creativity in our beneficiaries. While Inorbit collaborated with us on a science exhibition for our beneficiaries, Naraindas Morbai Budhrani Trust organised mental health and women's health sessions at our kitchen, benefitting over 80 kitchen staff. The Raincoat Campaign, was a thoughtful pilot initiative by our partners. We collected nearly 200 raincoats that helped children brave the rain.

These collaborations have not only supported our programmes but also promoted sustainability and enriched the lives of our beneficiaries and employees. We also extend our heartfelt gratitude to the government and all our well-wishers for their continued support. We sincerely acknowledge and appreciate all our partners' unwavering commitment, which has been instrumental in furthering our mission and empowering communities for a brighter future.

As we enter the next financial year, we hope that this partnership strengthens, fostering a robust nation on the foundation of healthy and well-educated youth.

Karnataka

What started in Karnataka in 2000 has today become a mission feeding 4.34 lakh children in 11 locations across the state.

Curious mind, stronger serve

Sonam Patnaik

An 8th standard student from Nayagarh, Odisha Sonam is known for her sincerity, discipline and the calm confidence she carries.

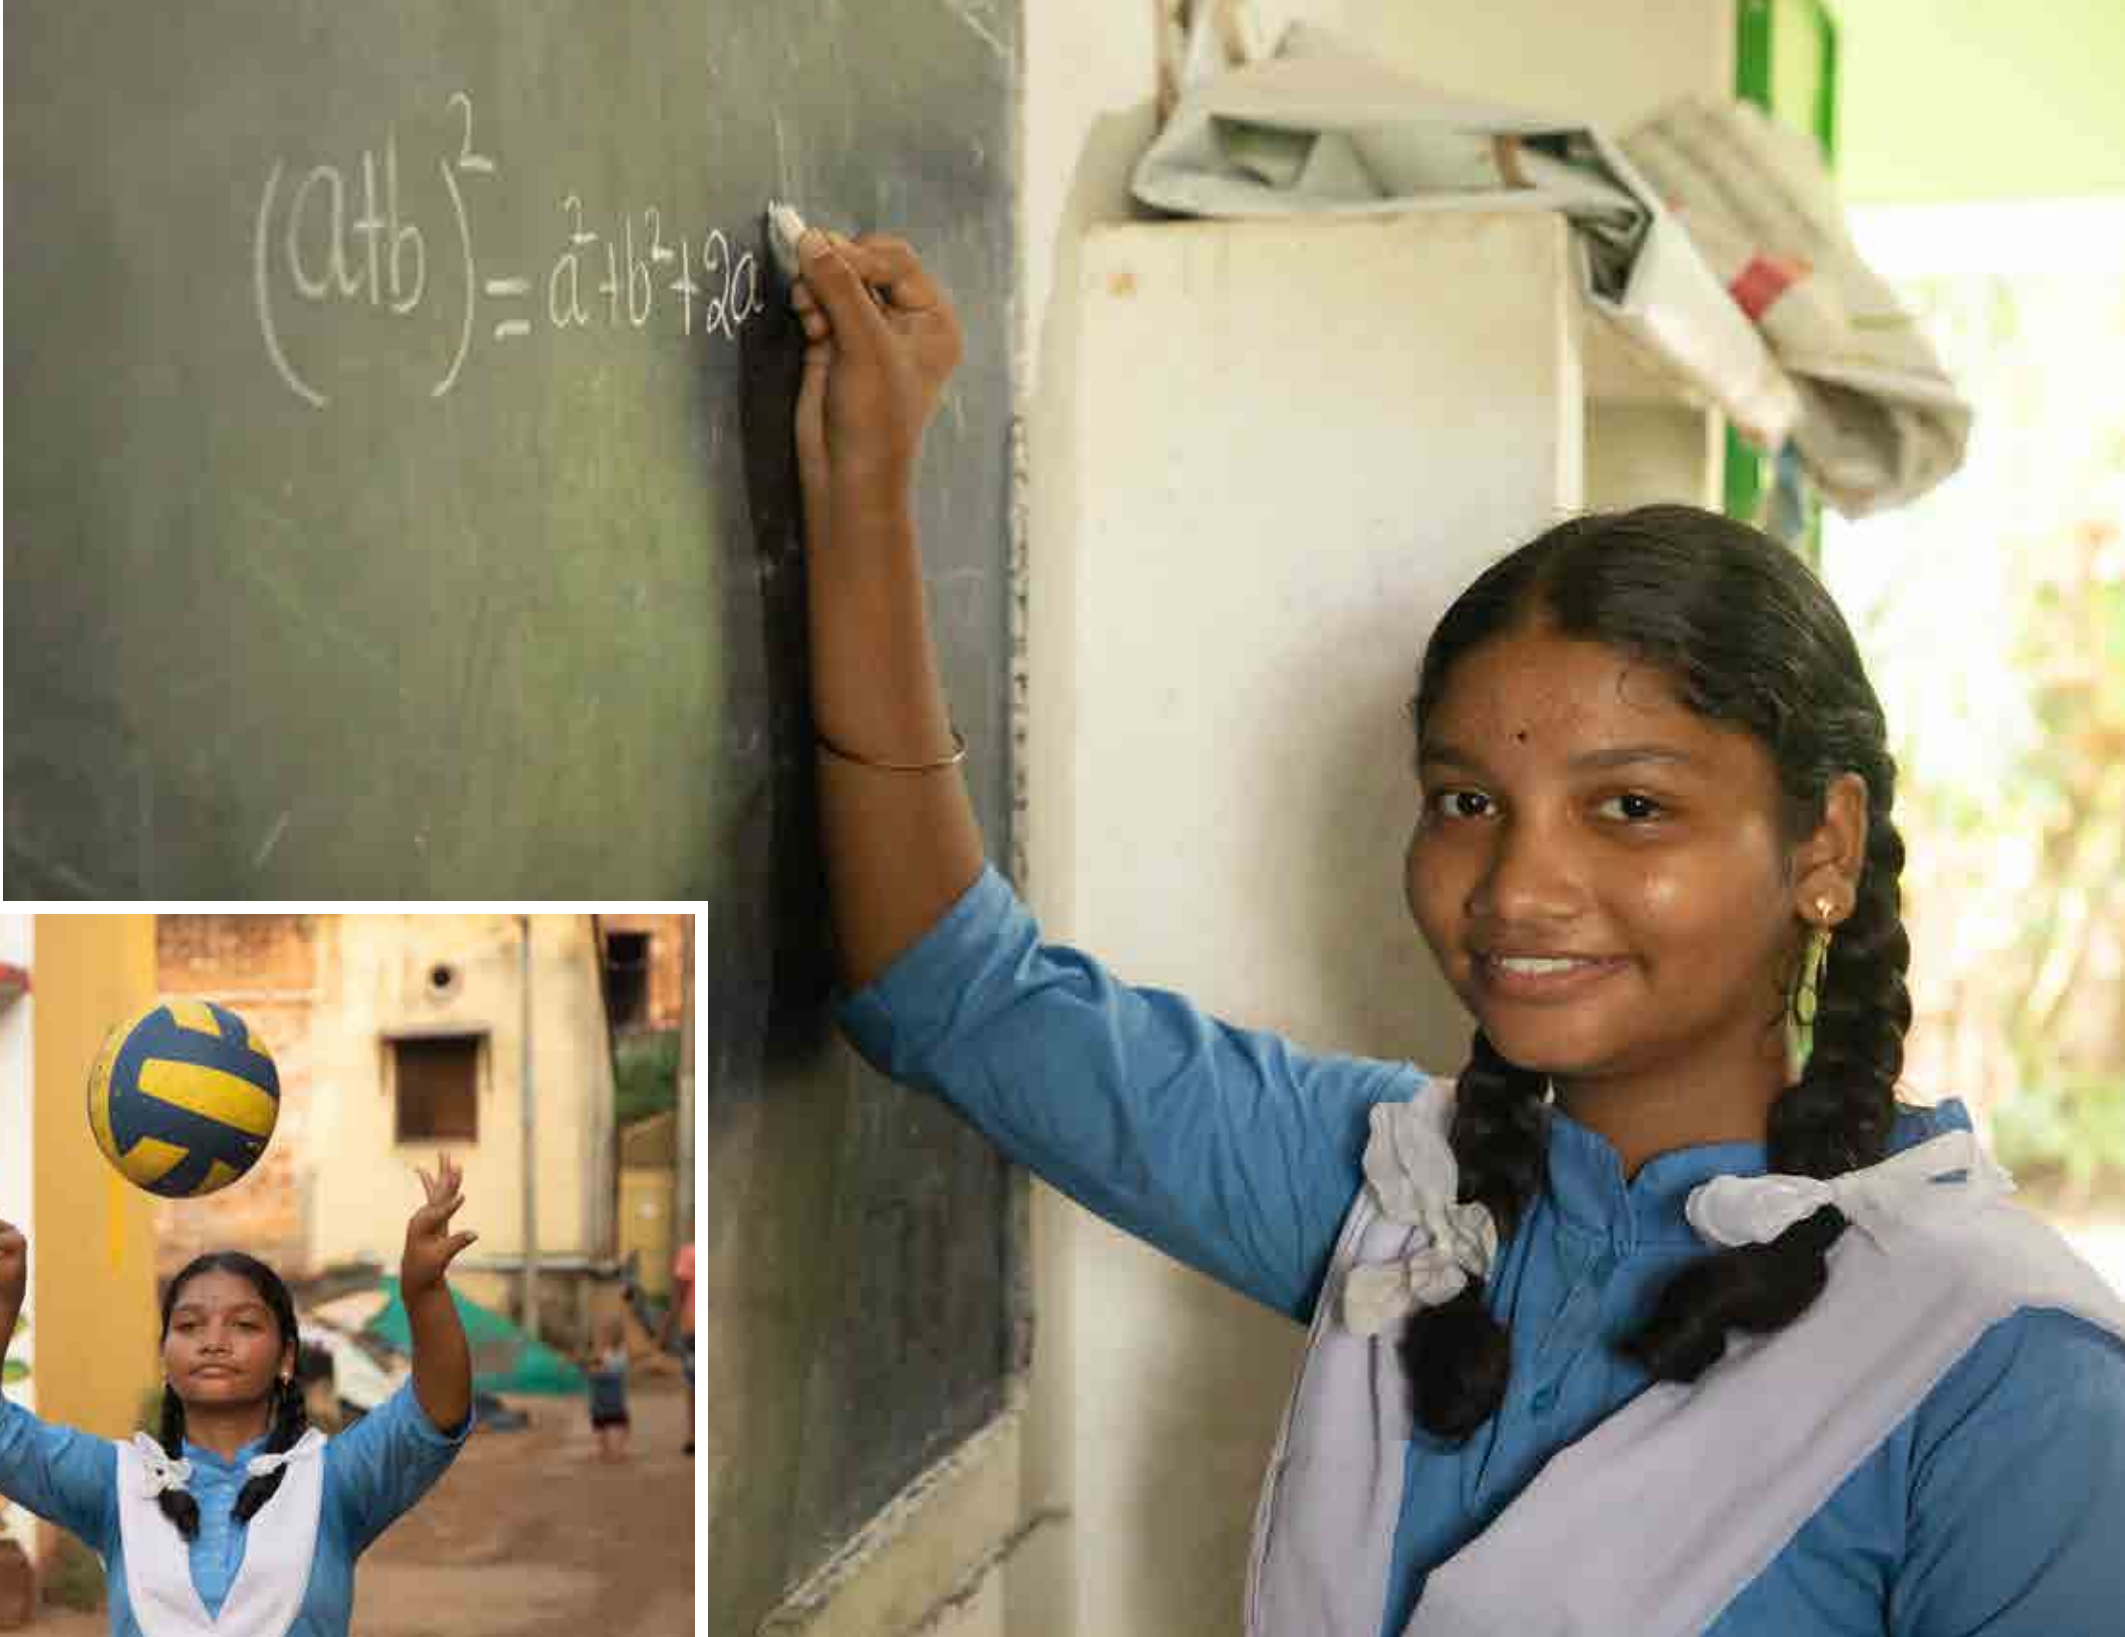

One day, I hope to play volleyball for the district team and make my school proud.

”

Not Just a Learner, But a Player

Beyond the classroom, Sonam trains with determination. Her presence on the volleyball court reflects balance, focus, and fierce team spirit.

Power That Earned Gold

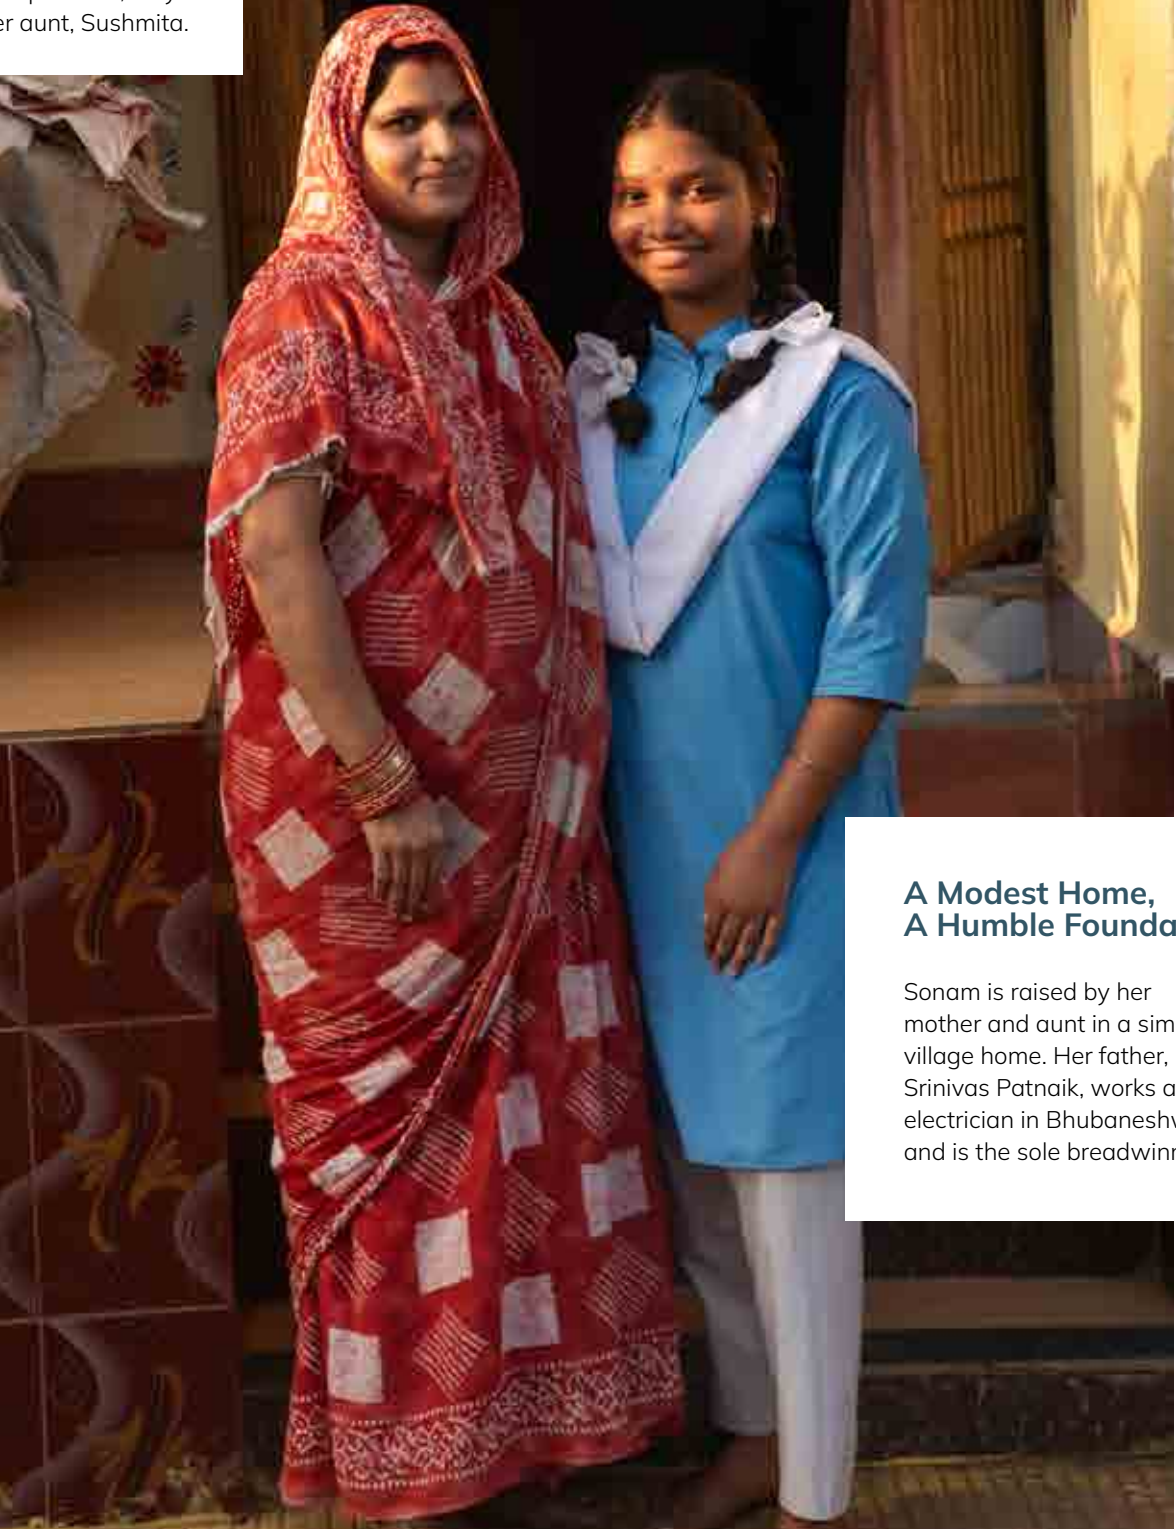

Sonam earned a gold medal in volleyball at the zonal competition. This victory was a result of hours of practice and her determination to lead.

Driven by Curiosity

From solving equations to understanding the world around her, Sonam's questions about the universe push her deeper into the realm of science and logic.

Raised with Care

“My niece is disciplined and responsible,” says her aunt, Sushmita.

A Modest Home, A Humble Foundation

Sonam is raised by her mother and aunt in a simple village home. Her father, Srinivas Patnaik, works as an electrician in Bhubaneswar and is the sole breadwinner.

Growing Together, Dreaming Bigger

After school, Sonam enjoys time with her close friends, laughing, playing, and preparing for a future where friendship goes hand in hand.

Sowing Seeds of a Promise

The food we get from Akshaya Patra is tasty. I love dalma, rice and pickle they serve.

Humble, Helpful and Always Present

Sonam is known for guiding her classmate and clearing their doubts. Her discipline inspires, but it's her humility that leaves a mark.

Where Nourishment Sparks a Dream

Sonam wants to become an agricultural scientist, and every bite of her mid-day meal reminds her why. “Cultivating food is challenging. Climate change is affecting crops, farmers and our food. I want to find a solution to improve cultivation,” she says.

One day, I will find a way to help farmers and protect our crops.

”

Tiny feet, big dreams

Sahil Nayak

Sahil is a 2nd standard student of 124 No. Hatigarh Metelimati Lower Primary School, Jorhat, Assam. He is known for his discipline, curiosity, and an alluring confidence.

A Soldier in Thought, A Child in Years

"I want to become a soldier," he says, holding the national flag with pride.

*I will fight the
bad people and
punish them*

”

Balancing Justice in Play

With a self-made scale in hand, Sahil plays as if restoring balance to the world.

Fuel That Builds Futures

"Khichdi and paneer are my favourites," he says. The fresh mid-day meals served at school give him the energy to learn, laugh and grow.

School Ends, Dreams Continue

After a day filled with learning, Sahil runs through the dusty village path, carrying stories for home and dreams for tomorrow.

Held Together by Will

Sahil's father, Manoj, is a single parent. He is supported by his elderly mother, Lilawati. While he works at the tea gardens, she manages the home and the children.

I want my children to study hard and live a better life.

”

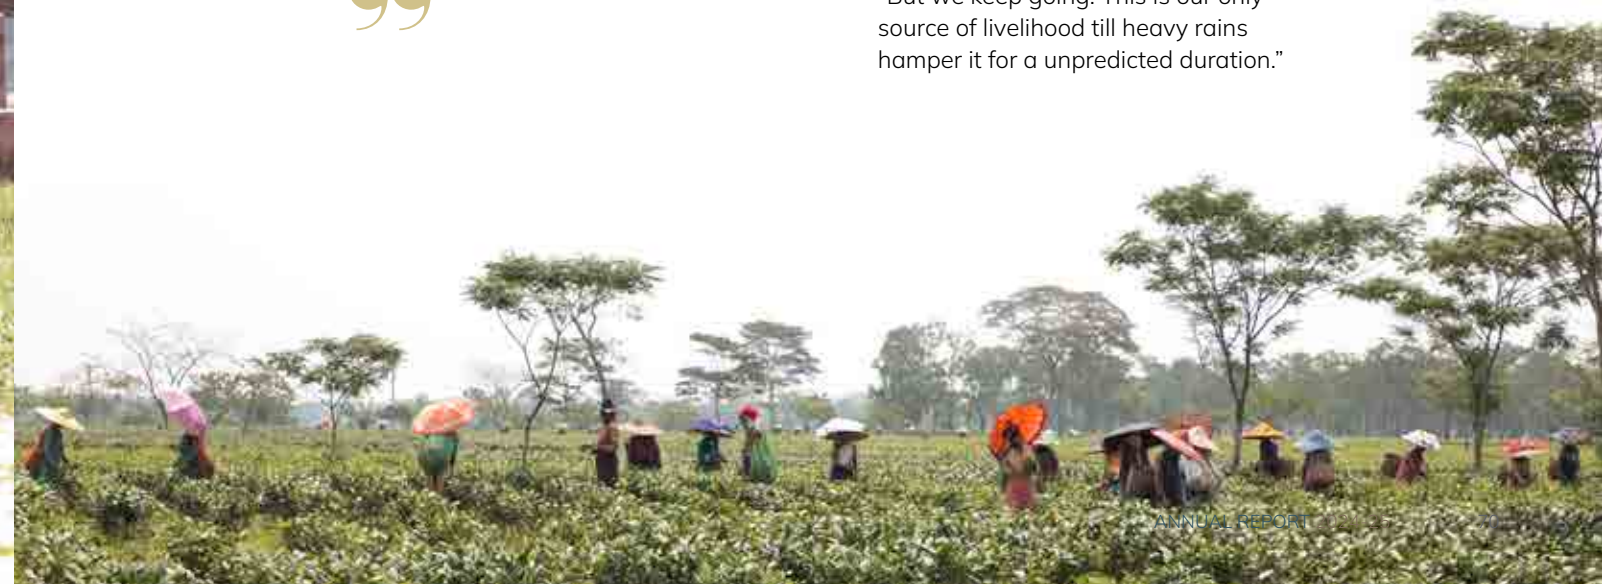

Modest Walls, Strong Bonds

Their small bamboo-and-mud house shelters big dreams. Within its walls lies a story of courage, sacrifice and the unspoken language of love.

Every Leaf Tells a Tale

In Jorhat's lush estates, Manoj toils as a tea garden worker—through heat, floods and uncertainty. "Each day brings a new challenge," he says. "But we keep going. This is our only source of livelihood till heavy rains hamper it for a unpredicted duration."

A Father, and the Future He's Raising

Manoj's children differ in nature. Parvati, the elder one, is a shy child. The younger one, Sahil, is an extrovert. But for Manoj, they are equal in his love and hope.

The Spark That Fills

Sahil's cheerful presence lights up the Nayak home. His playful energy cuts through fatigue and worry, bringing lightness to a home built on resilience.

Government of
Madhya Pradesh

Madhya Pradesh

Starting in Madhya Pradesh in 2023, Akshaya Patra now supports the nutrition and education of 0.30 lakh children in the state.

Result of Operations

The Foundation was significantly engaged in MDM activities throughout the FY2024-25 in addition to certain relief activities.

The overall income increased by ₹8,368 lakhs, primarily due to an increase in cash subsidy support from the government and also additional feeding of morning nutrition snacks in Gujarat and Uttar Pradesh. The above was offset by an increase in material cost, employee benefit expenses and other expenses by ₹8,910 lakhs due to price inflation, additional feeding and minimum wages increase, resulting in a net deficit of ₹961.61 lakhs.

Income

The total operating income of ₹78,521.76 lakhs represented the growth of 9.85%.

Income from Donations

83% of the Foundation's donation related to feeding other than in-kind. The donation income is based on the Revenue Recognition policy of the Foundation, which is mentioned in Schedule 1.2 (ix) of the Financial Statements.

Donation Income ₹(in lakhs)

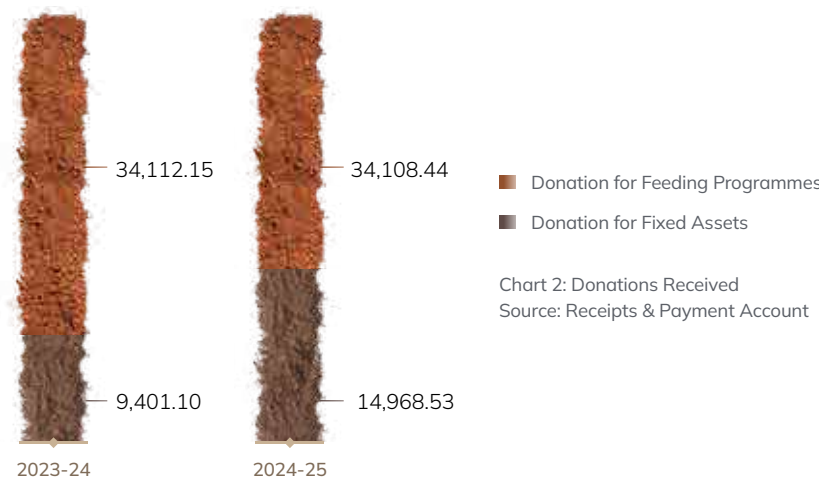

Chart 1: Income from Donations
Source: Income & Expenditure Account

Donations Received

The chart below displays the total donations collected by the Foundation during the respective years. The overall donations collected to conduct the MDM and relief programmes increased to ₹49,076.97 lakhs. We thank the individuals, corporates, trusts and other foundations for their generous contributions.

Donation for Feeding Programme and Fixed Assets Received ₹(in lakhs)

The details of in-kind donations received during the year are as follows. Amount in ₹ lakhs

In-kind Donations	2024-25	2023-24
Fixed Assets	149.82	174.78
Provisions, Groceries & Utilities	53.96	113.09
Total	203.78	287.87

Table 3: In-kind donations

Other Income

Other income of the Foundation comprises largely of rental income for the passive usage of assets by other charitable institutions, interest earnings and other sources amounting to ₹1,627.98 lakhs during the year, as against the ₹1,575.77 lakhs the previous year.

Revenue Expenditure

The total revenue expenditure, including depreciation during the year, was ₹86,708.22 lakhs as compared to ₹77,798.21 lakhs the previous year. The break-up of the same is represented below.

Analysis of Revenue Expenditure ₹(in lakhs)

The entire FY2024-25 had a full-fledged MDM feeding programme across 16 states and 3 union territories in India.

Capital Expenditure

During the financial year, the Foundation spent ₹11,374.57 lakhs on capital expenditure across all the branches, including for new kitchens that commenced operations and the kitchens in the construction phase.

The following table illustrates the branch-wise capital expenditure incurred during the year.

Amount in ₹ lakhs	
Branch Name	Capital Expenditure
Chikkajala	1,351.66
Gorakhpur	766.35
Narsingi	545.05
Varanasi	529.74
Pune	525.15
*Other kitchens	7,656.62
TOTAL	11,374.57

Table 4: Branch-wise capital expenditure spends
*Individually less than ₹5 crore in each branch (97 branches)

The following table highlights the category-wise capital expenditure incurred during the year in various kitchens.

Amount in ₹ lakhs

2024-25							
Asset Group	Chikkajala	Gorakhpur	Narsingi	Varanasi	Pune	Other kitchens	Total
Buildings & Civil Works	732.37	729.56	94.33	39.57	448.22	2,310.12	4,354.17
Kitchen & Related Equipment	581.25	3.72	220.25	282.73	52.09	2,293.07	3,433.10
Vehicles	1.09	32.53	164.82	195.18	19.02	2,244.45	2,657.09
Distribution Vessels	-	-	27.66	12.26	-	580.55	620.47
Other Assets	36.94	0.54	38.00	0.00	5.83	228.42	309.73
Grand Total	1,351.66	766.35	545.05	529.74	525.15	7,656.61	11,374.57

The Foundation continues to invest in fixed assets to improve the infrastructure required to support the growth in the coming years. These investments were due to the unstinting support from generous donors.

Cash and Bank Balances

The Foundation had total cash and bank balance of ₹20,295.48 lakhs as at 31 March, 2025, including ₹7,166.99 lakhs in Fixed Deposits with banks and housing financial institutions with original maturity of more than 12 months, and the same has been disclosed in the financial statements under 'other non-current assets' (Ref Schedule 2.11). Of the total cash and bank balances, the amounts held in the form of Fixed Deposits with banks and housing financial institutions with original maturity of less than 12 months is ₹429.91lakhs.

Receivables

The total receivable from the government as at 31 March, 2025, is ₹7,604.38 lakhs (previous year: ₹6072.89 lakhs) including unbilled government support of ₹912.50 lakhs (previous year: ₹1,113.88 lakhs).

Provision for doubtful receivables is ₹437.12 lakhs as at Mar 25 (previous year : ₹494.24 lakhs), based on the collectability assessment by the Foundation.

Management Discussion and Analysis

Management Discussion and Analysis Report analysing the current performance and detailing the future plans of the organisation is presented in a separate section, which forms a part of this Annual Report (refer page 93).

Awards and Accolades

During the FY, the Foundation received recognition from various quarters. These have been separately covered in a section that forms a part of the Annual Report.

Transparency

The Foundation strives to ensure transparency in all spheres of the organisation.

Auditors and Auditors' Report

The framework of controls and audit adopted creates effective risk management through comprehensive risk-based audits to enhance the efficiency and effectiveness of the processes.

All the Branches and the Corporate Office are subjected to periodic internal audits. During the year 2023, your Foundation reappointed chartered accountancy firms to carry out the internal audits. The reports issued by the internal auditors are reviewed by the Audit Committee through the audit department of the Foundation.

M/s Walker Chandiok & Co LLP, Chartered Accountants (Registration No. 001076N/N500013), are the statutory auditors of the Foundation. They have audited the financial statements attached to the Annual Report on the maintenance of adequate records as mentioned in the special audit report.

Trust Governance

The details of Governance Philosophy and Governance Model of the Foundation have been covered in a separate section of this Annual Report (refer page 23).

Board of Trustees

(A) Composition of the Board

As on date, the Foundation's Board comprises of ten trustees; all having considerable experience in their respective fields.

Name of the Trustee	Age **	Gender	Position on the Board	Occupation
Shri Madhu Pandit Dasa	69	Male	Chairman	Missionary Volunteer
Shri Chanchalapathi Dasa	62	Male	Vice Chairman	Missionary Volunteer
Shri Bharatarshabha Dasa	51	Male	Trustee	Missionary Volunteer
Shri Satya Gaura Chandra Dasa	54	Male	Trustee	Missionary Volunteer
Shri K.V. Chowdary	71	Male	Trustee	Retd. Government Official
Shri M. Unnikrishnan	65	Male	Trustee	Trustee CEO, IITB-Monash Research Academy
Shri Anil Swarup	67	Male	Trustee	Retd. Government Official
Shri Dr Raghuram	68	Male	Trustee	Former Director, IIM Bangalore
Shri Vidya Shah	59	Female	Trustee	Chairperson and CEO, EdelGive Foundation
Shri Dr Siva Sivaram	65	Male	Trustee	President of Quantumscope

Table 5: Composition of the Board
** Age as of April 2025

(A) Profile of the Board Members

The detailed profile of the Board Members is included separately in the section 'Board of Trustees' of this Annual Report (refer page 47).

(B) Other Information Regarding Board

Your Foundation's Board of Trustees play a primary role in ensuring good governance and functioning of the Foundation. The Board's roles, functions, responsibilities and accountabilities are defined.

The Agenda and Notes are circulated to the Trustees in advance of each meeting of the Board of Trustees. Where it is not practical to attach or send the relevant information as part of the agenda papers, the same are tabled at the meeting with presentations to the Board. The Members of the Board have complete freedom to express their opinion and the decisions are taken after detailed discussions.

The Board periodically reviews the operations of the Foundation. The Foundation follows the discipline of submitting the quarterly financials to the Board of Trustees, providing them with updates on the performance of the Foundation and other important matters. The Board also reviews the same and advises the management from time to time with their feedback/inputs. Apart from the above, additional board meetings are convened by providing appropriate notice to address the specific needs of the Foundation. The members do not take any sitting fees from the Foundation.

I. Audit Committee

(A) Composition of Audit Committee

Your Foundation has an Audit Committee at the Board level, which acts as a link between the Management, the Statutory and Branch Auditors and the Board of Trustees, and oversees the financial reporting process.

The composition of the Audit Committee is as follows:

1. Shri K.V. Chowdary, Chairman
2. Shri Kaushik Dutta, Member
3. Shri Noshir Dadrawala, Member

Chief Executive Officer, Chief Financial Officer, Director - Internal Audit and other senior officers of the Foundation are permanent invitees to the Audit Committee meetings. The internal auditors of the Foundation are also invited to the Audit Committee meetings as necessary.

(B) Meetings of the Audit Committee

During the year under review, the Audit Committee met three times to deliberate on various matters. The Committee members do not take any sitting fees from the Foundation.

(C) Charter of Audit Committee

The detailed charter of the Audit Committee can be availed from the Foundation's website www.akshayapatra.org

II. DISCLOSURES

(A) Disclosure of Accounting Treatment

In the absence of any authoritative established/prescribed accounting principles for the specialised aspects related to charitable trusts which do not carry out any commercial activity, the Foundation has prepared the financial statements in accordance with the significant accounting policies described in Note 1.2 to Schedule 1 to the financial statements prepared.

(B) Trustees' Responsibility

Your Trustees, based on the representations from the Operating Management, confirm that:

- a. In the preparation of annual accounts, accounting policies described in Note 1.2 to Schedule 1 to the financial statements prepared, have been followed and there are no material departures.
- b. They have, in selection of the accounting policies, consulted the statutory auditors and applied these policies consistently, making judgments and estimates that are reasonable and prudent, so as to give an accurate and fair view of the state of affairs of the Foundation as at 31 March, 2025, and of the income and expenditure of the Foundation for the year ended 31 March, 2025.
- c. They have taken proper and sufficient care, to the best of their knowledge and ability, for the maintenance of adequate accounting records for safeguarding the assets of the Foundation and for preventing and detecting fraud and other irregularities.
- d. They have prepared the annual accounts on an ongoing concern basis.

(C) Remuneration of Trustees

The Trustees of the Foundation declare that they have not received any remuneration from the Foundation for the year end 2025. They have not received any sitting fees from the Foundation for the Board meetings and Audit Committee meetings attended by them during the year.

(D) Management

- i. The Management Discussion and Analysis Report forms part of the Annual Report.
- ii. No material transaction has been entered into by the Foundation with the Trustees or the Management, their relatives etc. that may have a potential conflict with the interests of the Foundation.

Acknowledgement

Donors, other stakeholders, outgoing trustees and auditors

Your Trustees express their deep appreciation for all the support and co-operation received from the Ministry of Education (formerly the Ministry of Human Resource Development), Government of India and all the State Governments during the year under review.

We are deeply indebted and grateful to all our donors (corporates, trusts, foundations and individuals) who have generously contributed to the causes of education and hunger mitigation. Your good wishes and contributions are the beacons with which we move from strength to strength. Your encouragement, incessant support gives us impetus to ameliorate the cause of food for education with renewed dedication and motivation. Your trustees also wish to place on record their appreciation for the committed services done by the volunteers and employees of the Foundation. Your Trustees thank the Bankers, all organisations, departments, agencies and people who facilitate the Trust in the discharge of its objects.

We will continue to be inspired by the vision that has been so far outlined and discussed and we pray that we be given multiple opportunities and avenues to serve the society at large and the stakeholders in specific.

For and on behalf of the Board of Trustees,

Madhu Pandit Dasa
Founder and Chairman
Date: 7th October 2025

Chanchalapathi Dasa
Co-Founder and Vice Chairman

K.V. Chowdary
Trustee

Human Resource & Management

Head count in the Foundation as on 31 March 2025

Staff Details			
Head Count	Male	Female	Total

Maharashtra

Akshaya Patra took its first step in Maharashtra in 2016. Today, it serves 0.57 lakh meals every school day to children across five locations.

Future Plans

In FY 2025-26, Akshaya Patra will continue to focus on boosting the efficiency and effectiveness of its feeding operations across India through cross-functional team collaboration, digital adoption and innovative strategies.

The Foundation is set to expand its reach in 6 new locations this year to support more children and their aspirations through nutritious mid-day meals. Its efforts will stand on four pillars namely stakeholder satisfaction, supply chain excellence, initiatives including innovation and improvements and sustainability; and four themes of nourishing more children, menu enrichment, advocacy for change and strengthening Akshaya Patra.

The following will be the primary goals for Akshaya Patra in FY 2025-26.

Enhancing children's happiness index across India

- ✦ Ensure the highest quality and hygiene standards
- ✦ Enrich menus with millets, extra items and other nutrient-rich options
- ✦ Introduce the Meal Plus Programme in semi-urban and rural kitchens
- ✦ Increase meal and serving volumes, tracking progress and expanding the reach of the Mid-Day Meal and Morning Nutrition programmes to benefit more children

Kitchen safety certifications

- ✦ Ensure a robust food safety management system
- ✦ Demonstrate commitment to environmental sustainability and responsible practices
- ✦ Prioritise a safe and healthy work environment for all employees

New kitchen projects

- ✦ Complete new kitchen projects on schedule, ensuring adherence to timelines and milestones
- ✦ Maintain stringent quality, safety and regulatory standards

Child satisfaction

- ✦ Product development
- ✦ New product trials
- ✦ Rollout of innovative solutions

Employee safety and talent retention

- ✦ Implement a comprehensive 'Safe Place to Work' programme across all Akshaya Patra units, prioritising employee safety and well-being
- ✦ Develop a 50-skilled Talent Scouts network to identify and attract top talent
- ✦ Ensure a safe and secure work environment for all

Supply chain excellence

- ✦ Enhance inventory management through strengthened procurement, inventory and production processes, enabling real-time tracking
- ✦ Optimise fuel and contract costs through strategic management
- ✦ Roll out and sustain all four modules of Disha:
 - Order management
 - Digitised indenting
 - Fleet cards
 - Contract rate chart

Digital transformation

- ✦ Develop capability for digital adoption, utilising reports for informed decision-making (Mana)
- ✦ Implement digital workflows (Kelsa/Workflow) for functions like government billing, lab management, and fleet management
- ✦ Introduce AI models on Mana for easy query resolution, predictive analysis, and process optimisation (fundraising, cost optimisation)

Innovation and improvement initiatives

- ✦ Implement Kaizen, TPM and Six Sigma projects, achieving one successful idea implementation monthly across all kitchens
- ✦ Execute targeted cost-saving projects with operational improvements, leveraging Kaizen, Six Sigma and TPM methodologies
- ✦ Implement water-saving and waste reduction projects in all kitchens, promoting environmental responsibility

Sustainability Initiatives

- ✦ Measure, monitor and optimise consumption of cooking fuel and water through digital tools
- ✦ Implement a system to evaluate solar PV panel yield and adopt smart energy management strategies
- ✦ Increase route coverage by electric delivery vehicles
- ✦ Increase solar PV panel installation across units, building additional solar capacities

Government of
Odisha

Odisha

Akshaya Patra started serving mid-day meals in Odisha in 2006 and has since scaled up to nourish 1.62 lakh children across four locations.

Management Discussion & Analysis

The objective of the school meal programme is to ensure that children get the best of both nutrition and education. The significance of the programme is highlighted by increased enrolment, attendance and retention in schools, as well as improved social and gender equity. As the implementing partner of PM POSHAN, we currently serve over 22.5 lakhs children every school day across 16 states and 3 union territories—each region presenting its own opportunities, challenges and stories of transformation.

In the Union Budget of FY 2024-25, the Ministry of Education was allocated ₹1.21 lakh crores; of this amount, the Department of School Education and Literacy was allocated ₹73,498 crores, a 0.7% increase over the previous financial year. An amount of ₹12,467 crore was earmarked for the PM POSHAN Abhiyaan, vis-à-vis ₹11,600 crore the previous year, an increase of 7%.

The Government of India revised the cooking conversion cost of mid-day meals during FY 2024-25 in certain states with an average increase of 13% in comparison to the previous rates.

Feeding Operation

With support from the Central and State Governments, the Foundation has recorded a Compound Annual Growth Rate (CAGR) of 7% on feeding volume and 7% in the strength of enrolled beneficiaries during the past 5 years.

The total meals of the Foundation's feeding programmes remained constant at 48 crores during FY 2024-25. For the FY 2025-26, the projected meals are 54 crores and the estimated requirement of funds for feeding children, over and above the government's contributions, would be approximately 452 crores. The attendance to enrolled strength in schools where Your Foundation serves is unchanged. It is in the range of 65% to 66%. We reach out to 22.5 lakhs beneficiaries across schools and Anganwadi centres every day.

Quality

Akshaya Patra continues to uphold the highest standards of food safety and quality across its operations; as a result, the year 2023-24 was incident-free in terms of food safety complaints. Under the ISO 22000:2018 Food Safety Management System, a total of 47 kitchens are now certified, including 13 newly certified kitchens in FY 2024-25. Implementation is underway at 11 more kitchens, with eight kitchens targeted for certification in FY 2025-26.

In terms of Environment, Health and Safety (EHS) management, five kitchens (Hubballi, Ballari, Vrindavan, Lucknow and Kandi) are now certified for ISO 14001 and ISO 45001, with implementation in progress at VK Hill, Jigani, Mansa and Gandhinagar. Five additional kitchens are planned for certification this year. The Bengaluru Central Office holds certification for ISO 9001:2015. The FSQC Lab in Ahmedabad is accredited with ISO 17025:2017 (NABL) recognition with testing capacity across 100+ parameters.

199 Good Manufacturing Practices (GMP) audits were conducted during the FY. Kitchens at Lucknow, Jigani, VK Hill, HK Hill, Ballari, Bhilwara, Panvel, Ajmer, Ahmedabad, Mansa and Bhiwandi consistently achieved audit scores above 90, earning the designation of Green Zone Champions. In a step toward continuous improvement, 11 new safety compliance checkpoints have been added to the GMP audit checklist to strengthen hygiene and operational standards further.

Under the Hygiene Rating Assessment (HRA) conducted by FSSAI, 25 kitchens were newly assessed this year. With these additions, a total of 51 kitchens now hold valid HRA certificates, while certification is underway for the remaining units. Ten more kitchens are planned for assessment in the coming year.

Skill development remains a key pillar of operational excellence. During FY 2024-25, the Foundation conducted 1,137 training sessions across the country, totalling 97,120 person-hours of capacity building on food safety, quality systems, compliance and kitchen operations.

Our Lucknow kitchen was awarded the prestigious Outstanding Performance in Food Safety Trophy by the Confederation of Indian Industry (CII)—the fourth such trophy for the Foundation—and the 12th Food Safety Award from CII. Additionally, our Vrindavan kitchen was honoured with a Commendation Certificate for its strong commitment to food safety. Building on this momentum, five more kitchens are preparing to apply for the CII Food Safety Awards in the upcoming year.

Sustainability

The Foundation continues to strengthen its commitment to energy sustainability. In FY 2024-25, we added 900 kWh of solar capacity, bringing our total installed capacity across kitchens to 2,800 kWh. We are on course to reach 4 MWh of total solar capacity by the end of FY 2025-26, further reducing our dependence on non-renewable energy. Our electric mobility initiative has also gained momentum, with 104 electric vehicles now deployed for mid-day meal distribution. We plan to scale this number to 200 EVs by the end of FY 2025-26, marking a significant step towards a cleaner logistics fleet.

To enhance real-time monitoring and resource optimisation, we are expanding the deployment of Industrial IoT-based metering systems for water and fuel tracking and installing motion sensor-based lighting in our kitchens. Procurement is underway for implementing these technologies in 15 kitchens with the support of our donors, with the long-term goal of scaling it across all locations. Additionally, we are integrating auto-cutoff sensors for HVAC systems and kitchen gas lines, aiming to enhance operational safety and reduce energy waste. These advancements underscore our ongoing efforts to build smarter, safer and more sustainable kitchens for the future.

The Way Forward

In FY 2025-26, we will continue to focus on boosting the efficiency and effectiveness of our feeding operations across India through cross-functional team collaboration, digital adoption and innovative strategies. We will scale our feeding operations, guided by four strategic pillars: Stakeholder Satisfaction, Supply Chain Excellence, Innovation and Improvement and Sustainability under four thematic focus areas: nourishing more children, menu enrichment, advocacy for change and strengthening Akshaya Patra.

We aim to enhance children's happiness index across India by ensuring the highest quality and hygiene standards, enhancing menu diversity with millets and fortified foods and introducing the Meal Plus Programme in semi-urban and rural kitchens, among other things. We will put in place structured feedback and nutrition tracking systems to support our focus on child satisfaction. On the operational front, we will strengthen digital supply chain tools, improve inventory management and maintain rigorous food safety certifications.

New kitchens will be commissioned on schedule, with a strong emphasis on employee safety and talent retention. Innovation will continue through Kaizen and Six Sigma projects, digital workflow automation and pilot AI solutions for process optimisation, while initiatives such as solar energy, IoT-based energy tracking and scaling up electric vehicle routes will boost our efforts on the sustainability front.

We are confident that these efforts will support our goal of reaching 30 lakhs children every school day—building a future where no child is deprived of education because of hunger.

Puducherry

In 2022, Akshaya Patra began its operations in the Union Territory of Puducherry. Currently, the Foundation feeds 0.40 lakh children.

Feeding the Future, Green Innovation in Social Impact

In today’s world, where the urgency of climate change and the pressures of rapid urbanisation dominate global conversations, organisations must evolve beyond purpose and impact—they must be environmentally intelligent. Akshaya Patra is doing exactly that.

With more than 22.5 lakhs mid-day meals served daily to school children across India, Akshaya Patra understands the scale of its environmental footprint. But more importantly, it sees this scale as a platform for leadership—one that aligns sustainability with social equity and clean energy with compassionate service.

This is not a story of isolated green efforts. This is the story of how a school feeding programme is emerging as a model for long-term sustainability in the social impact space.

Integrating Sustainability into the Heart of Operations

For Akshaya Patra, sustainability is not a siloed initiative—it’s woven into the very fabric of its strategy. Its approach rests on a firm commitment to environmental, social and economic responsibility by meeting regulatory standards. From the kitchens cooking lakhs of meals daily to the final steps of delivery, every decision is guided by a commitment to the environment.

One of the most significant initiatives has been in renewable energy. With 2,793 kW of solar capacity installed across 34 kitchens, Akshaya Patra is rapidly transitioning toward clean, decentralised power. The Bhavnagar kitchen in Gujarat is a standout example—it operates entirely on solar energy, producing more power than it consumes. This has not only led to zero electricity bills but also marked a step toward self-sufficiency in energy use.

In tandem with solar power, energy-efficient lighting and motion-sensor systems are being introduced to cut down on unnecessary energy use. These changes aim not only to lower expenses, but also to lessen reliance on fossil fuels and traditional grid-based infrastructure.

Water and Waste

Water conservation is a key priority. To manage usage in its kitchens, Akshaya Patra combines time-tested methods with modern practices. While water consumption is still tracked manually in most locations, the organisation is moving towards digitising these systems to enhance accuracy and transparency.

Rainwater harvesting is already in operation at the Bhavnagar facility, with plans to expand this model to additional sites. To further reduce freshwater use without compromising hygiene, recycled water loops and pre-rinse sprays are employed for cleaning utensils and vehicles.

Waste, particularly food and organic kitchen waste, presents both a challenge and an opportunity. Akshaya Patra’s waste management systems reflect a circular economy approach. Across 13 kitchens, biogas plants convert an average of 10,400 kilograms of waste per day into usable biogas—fuel that supports the kitchens themselves. This innovation not only saves an estimated ₹57 lakhs annually in fuel costs, but also prevents methane emissions and reduces landfill dependency. The organisation is currently piloting IoT-based systems to bring greater precision to food waste tracking.

Sustainability is no longer optional. It is a moral imperative. At Akshaya Patra, we are not just feeding children—we are feeding a vision of a future where social equity and environmental stewardship move forward, hand in hand.

Greener Procurement and Smarter Transport

One of the more quietly transformative aspects of Akshaya Patra's sustainability model is its evolving procurement strategy. In smaller towns, where proximity to farms is greater, nearly 70% of ingredients are sourced locally—within a 100-kilometre radius. In urban kitchens, where supply chains are more complex, local sourcing accounts for about 25%–40%. The benefits of this approach are multifold: reduced transportation emissions, fresher produce, lower storage costs and strengthened rural economies.

The organisation also prioritises seasonal produce to cut down on cold storage needs and food spoilage. Partnerships with organic suppliers have been established, but high costs remain a barrier to full-scale adoption. Still, the direction is clear: toward a more resilient and environmentally mindful supply chain.

Transport and logistics, traditionally high-emission areas for any operation, are undergoing a fundamental shift. Akshaya Patra has already integrated over 100 electric vehicles (EVs) into its delivery fleet. These vehicles, averaging 1,800 kilometres each month, have collectively helped avoid nearly 418 tonnes of carbon dioxide emissions annually. Advanced routing software further reduces mileage, fuel consumption, and delivery times, enhancing both efficiency and environmental outcomes.

Culture, Accountability and Certification

Sustainability cannot be sustained without culture—and Akshaya Patra invests deeply in internal education and community awareness. Regular training workshops, environmental briefings and staff-led innovation initiatives create a culture where sustainability is everyone's responsibility. From ideas like solar dryers and biogas reuse systems to low-flow water taps, many green initiatives have emerged organically from within the team.

On a broader scale, the organisation actively celebrates environmental awareness days with its network of partner schools, using these platforms to educate children and communities about climate responsibility.

The path to certification is also underway. Several kitchens are in the process of obtaining ISO 14001 certification, which will further institutionalise environmental management practices across operations.

Quantifying Impact

The cumulative impact of Akshaya Patra's efforts is already substantial. Its solar infrastructure generates nearly 46 lakh kilowatt-hours of clean energy annually—avoiding an estimated 3,763 tonnes of carbon emissions. The use of electric vehicles saves another 418 tons annually. Biogas production not only reduces fuel costs but eliminates over 10,000 kilograms of solid waste from the disposal stream every day.

These aren't just statistics—they're proof that even large-scale social interventions can be environmentally regenerative, not just neutral.

A Scalable Model for Sustainable Social Impact

What makes Akshaya Patra's model compelling is its scalability. Every intervention—from solar panels to electric fleets, from local procurement to biogas plants—can be adapted, expanded, and replicated. In a sector where operational scale often competes with environmental responsibility, Akshaya Patra demonstrates that the two can coexist—and even reinforce each other.

Its model serves as an inspiration not only for non-profits but also for governments and enterprises seeking to align social outcomes with environmental goals.

The Road Ahead

Akshaya Patra's journey is ongoing. The organisation is aware that sustainability is a dynamic target, not a fixed destination. As technology evolves and climate realities shift, so too will the ways in which Akshaya Patra integrates green innovation into its work.

But the direction is set. Sustainability is no longer an additional initiative—it is a core competency, a moral imperative, and a strategic advantage.

In feeding the bodies and minds of India's future generations, Akshaya Patra is also feeding the vision of a greener, more equitable world. And in doing so, it reminds us that true impact nourishes not just people—but the planet we all share.

Significant Events

April

✦ Akshaya Patra's 400 crore meals was commemorated at the UN HQ in New York on 2 April, 2024

The Akshaya Patra Foundation's momentous milestone of serving 400 crore meals was commemorated at the UN headquarters on 2 April, 2024. The event showcased India's proactive efforts to promote food security and provided a model for other countries looking to take meaningful action. A special event titled 'Achievements in Food Security: India's Strides Towards Sustainable Development Goals' was held on Tuesday by the Permanent Mission of India to the UN. It highlighted the nation's creative approaches, policies and accomplishments in the areas of nutrition and food security in alignment with SDGs, especially SDG 2 – Zero Hunger.

May

✦ Cargill Business Services India and The Akshaya Patra Foundation sets a new business record on 23 May, 2024 by painting blackboards in government schools

The Clean Slate Carnival, a joint initiative between The Akshaya Patra Foundation and Cargill Business Services India, entered the prestigious Asia Book of Records and India Book of Records for 'maximum blackboards of government schools cleaned and painted on the same day' on 23 May, 2024. Cargill volunteers cleaned and painted over 1,000 blackboards in 99 government and government-aided schools in Bengaluru, thus demonstrating the impact of collective efforts to drive societal change in the educational sector. Over 1,000 employees participated in the event, including Aparna Rao, CBS India Center Lead, and Matthew Wood, Sr. Director, Sustainability Digital, Data & Analytics. Their efforts helped improve the school environment, benefitting over 30,000 children in these schools.

July

✦ Lakshmipura Government School inaugurated

NTT DATA, a global digital business and IT services leader, in collaboration with The Akshaya Patra Foundation, inaugurated the newly built government school in Lakshmipura, Bengaluru on July 2024. Currently, the school serves 241 students, with a gender distribution of 131 boys and 110 girls, providing them with a nurturing environment to thrive academically and personally.

September

✦ Akshaya Patra's 75th kitchen inaugurated at Chikkajala in Bengaluru which will serve 35,000 students every school day

The Akshaya Patra Foundation's 75th kitchen was inaugurated in Chikkajala, Bengaluru. It is funded by the Thakkar Family Foundation. This is the Foundation's fifth kitchen in the city and is set to provide over 35,000 nutritious mid-day meals each day to over 200 government and government-aided schools in areas of Jakkur, Hebbal and Yelahanka. The dignitaries were taken on a tour of the kitchen facility after the inauguration ceremony. All the dignitaries commended Akshaya Patra's efforts to address classroom hunger and malnutrition in India through its network of kitchens and assured their support and encouragement.

December

✦ Nourish the Change: A culinary fundraiser with Master Chef Sanjeev Kapoor held in Singapore

From 4 to 6 December, 2024, Akshaya Patra Singapore hosted four exclusive culinary events, 'Nourish the Change: Dine for a Cause' in Singapore. The events drew over 200 supporters, who joined Master Chef Sanjeev Kapoor for an evening of fine dining and philanthropy. Furthermore, the event mobilised support for over 6 lakh meals along with raising awareness about Akshaya Patra's relentless endeavour to nourish India's children.

November

✦ Rishi Sunak and Akshata Murthy visits HK Hill Kitchen, Bangalore

Former UK Prime Minister Rishi Sunak and his wife Akshata Murthy visited Akshaya Patra's first kitchen – HK Hill Kitchen in Bangalore. Akshata Murthy said: "We visited a long standing favourite organisation The Akshaya Patra Foundation, which feeds more than 22.5 lakhs school children across India every day. They aim to eradicate classroom hunger and harness the proven link between nutritious food and fantastic educational outcomes. I'm incredibly proud of the support my family has provided them for decades."

✦ Akshaya Patra partners with Kenya's Food4Education to share expertise

The Akshaya Patra Foundation announced a partnership with Kenya's Food4Education to share best practices in implementing mid-day meal programmes for school children. The collaboration aims to enhance educational outcomes by addressing malnutrition and ensuring children have access to nutritious meals. The two organisations signed a memorandum of understanding to serve as the knowledge partner for Food4Education.

March

✦ Akshaya Patra's 78th kitchen inaugurated in North Goa on 17 March, 2025

Panaji, 17 March 2025: Dr. Pramod Sawant, the Hon'ble Chief Minister of Goa, inaugurated The Akshaya Patra Foundation's first kitchen in Goa, built with the support of the Government of Goa and the National Payment Corporation of India (NPCI). The new unit—the Foundation's 78th kitchen in the country—will initially serve 2,500 children through this kitchen as part of the Government of India's PM POSHAN Abhiyaan. With the inauguration of the Goa kitchen, Akshaya Patra's network of centralised kitchens now spans 16 states and 3 Union Territories, strengthening its commitment to the Government of India's PM POSHAN Abhiyaan.

✦ Golf For Good held on 21 March, 2025

Bengaluru, 21 March, 2025: 'Golf for Good', a charity tournament in aid of Akshaya Patra powered by Neokred's Empact Project has witnessed waves of enthusiasm in Bengaluru. The event held in the Prestige Golfshire Club has brought many corporate leaders, philanthropists and sports enthusiasts under one umbrella to support schoolchildren's mid-day meals across India. The funds pooled through this charity tournament will help Akshaya Patra, the implementing partner of The Government of India's PM POSHAN Abhiyaan, to serve 1,400 children (approximately 3,20,122 meals) for an entire year.

Awards and Recognitions

- ✦ Recognised as a Great Place to Work for the ninth consecutive time
- ✦ Recognised among Top 20 NGOs in India 2024 by The CSR Journal
- ✦ Recognised among 100+ Renowned Indian NGOs by English Jagaran
- ✦ The Akshaya Patra Foundation receives the NGO Grading of IRR NGO 1
- ✦ Awarded the 'Best Civil Society Organisation Award' at the 11th Asian Centre for Corporate Governance and Sustainability
- ✦ Honoured with the 'Imagine Award 2024' in the "GoGiveHope" category at Imagine India 2024
- ✦ Awarded with the '3rd Business World Disrupt Social Impact Award 2024'
- ✦ Awarded for Outstanding Performance in Food Safety in the Category of 'Small & Medium Food Service - Catering', for 2024, pan-India level at the CII Food Safety Award
- ✦ Awarded for Commendation for Strong Commitment to Food Safety in the Category of 'Small & Medium Food Service - Catering', for the year 2024, pan-India level at the CII Food Safety Award

Rajasthan

What began in Rajasthan in 2004 as a single initiative has today become a vast network feeding 2.53 lakh children across ten locations.

Morning Nutrition Programme–

A Bright Start to the Day

When children come to school without having a breakfast, it leads to a critical nutritional gap during the morning hours, precisely the time when they need to focus, absorb knowledge and engage in cognitive tasks in the classroom. Recognising this vital need, The Akshaya Patra Foundation launched the Morning Nutrition Programme to provide children a ready-to-eat, nutritious breakfast snack at the beginning of the school day.

School-going children, particularly those from low-income households, often arrive at school without having any food in the morning. This compromises their ability to concentrate in class, participate in learning activities and retain information, which not only affects their academic performance but also has a cascading effect on their long-term educational trajectory and personal development. The Morning Nutrition Programme seeks to bridge this gap by ensuring that children are nourished and energised before they begin their lessons, thus creating optimal conditions for effective learning.

Studies have consistently highlighted the importance of breakfast in enhancing cognitive function. Even the National Education Policy (NEP) 2020 notes that the morning hours after a nutritious breakfast are particularly productive for learning subjects that demand higher cognitive engagement. It also recommends the provision of simple yet nutritious morning meals, such as groundnuts, chana with jaggery or local fruits, especially in situations where hot meals are not feasible. The PM POSHAN initiative (the Mid-Day Meal Scheme) has long served as a cornerstone in the fight against classroom hunger and child malnutrition. A strategically designed morning nutrition component can complement the school lunch programme by building on the same.

Akshaya Patra's Morning Nutrition Programme is designed to be both efficient and scalable, leveraging the robust infrastructure already in place for mid-day meals. The snacks are produced during a second shift in the kitchen, ensuring that there is no overlap or interference with the preparation of mid-day meals. These ready-to-eat items have a high shelf life, allowing them to be stored and transported easily without compromising quality. By using existing mid-day meal distribution routes, the programme ensures timely delivery to schools while maintaining cost-efficiency and logistical simplicity. The inclusion of regionally preferred snacks and the use of locally sourced millets not only improve dietary acceptance among children but also support local economies. At the same time, the programme's integration with Farmer Producer Organisations (FPOs) and Self-Help Groups (SHGs) adds another dimension of sustainability and community engagement.

Regular access to morning nutrition has both immediate and long-term benefits. It increases children's daily nutritional coverage from 35–40 percent, as provided by the mid-day meal alone, to nearly 60–65 percent. This significant expansion in nutritional support enhances a child's readiness to learn and thrive as they demonstrate improved

Regular access to morning nutrition contributes to better health outcomes, reduces disparities in educational access and improves academic performance.

memory and greater attention spans. Children are more likely to arrive at school on time and less likely to be distracted or fatigued during lessons.

Regular access to morning nutrition contributes to better health outcomes, reduces disparities in educational access and improves academic performance. In bringing children closer to education, it promotes equity in education by levelling the playing field for children from marginalised backgrounds.

The Morning Nutrition Programme aligns closely with the goals of national initiatives such as PM POSHAN and POSHAN Abhiyaan, while also contributing to global development agendas like the United Nations Sustainable Development Goals (SDGs)—specifically SDG 2 (Zero Hunger) and SDG 4 (Quality Education). It supports India's long-term developmental vision under the Viksit Bharat 2047 framework.

Currently, the programme is being piloted in five states—Gujarat, Uttar Pradesh, Odisha, Assam and Karnataka. These pilots are providing crucial insights into operational viability, dietary preferences and local community engagement. The learnings from these early implementations strengthen the case for the integration of morning nutrition into mainstream national school feeding policies.

Through the Morning Nutrition Programme, Akshaya Patra is not merely addressing short-term hunger; it is laying the foundation for long-term academic success and social development. With a well-structured, efficient and scalable model already in place, the programme has the potential to become a transformative layer within India's school feeding ecosystem.

Questions in her eyes, courage in her steps

Learning begins with belonging

Every morning, Aditi and her classmates volunteer to clean the school's premises, gather for attendance and begin a day filled with learning, and mid-day meals that fuel their minds.

Picking up, racing ahead

Once a shy newcomer who struggled with Kannada and English, Aditi now leads class discussions. "She is always full of questions," says Ashwini Ma'am, her class-teacher.

*I want to join CID and
protect the people*

”

Catch us if you can

During lunch breaks, Aditi and her classmates often play *chor-police*. She often becomes the police officer, chasing giggles and culprits with equal excitement.

Aditi Singh

Aditi Singh, a 6th standard student at GHPS Vadarahall in Bengaluru, Karnataka, aspires to be a detective. With unwavering focus in her studies, she is driven by her passion for justice, inspired by her favorite show, CID.

Energy in motion

"The meals help keep the children active and sharp in their studies. It shows in their performance," says Ashwini Ma'am.

More than a meal

The first proper meal Aditi has every day is served at school. "In the menu, I like *Bisibele bath* and *chow-chow* that we get on Fridays," she says.

Akshaya Patra sends us hot and tasty meals from Monday to Saturday.

Sips of strength

A cup of warm milk, shared among friends, is part of Aditi's everyday routine. "We feel relieved knowing they like the food served in the school," says Jeetendra, Aditi's father.

Mornings of care

Before Aditi heads to school, her mother Sushila gently braids her hair, while simultaneously managing her small shop.

*Each time we move,
we have to rebuild
everything from the
scratch... it's not easy.*

Anchored in hope

Aditi's father is a migrant carpenter who has moved across cities for work. But one thing has never changed: his commitment to his children's education.

Where it all begins

In their humble home beside her mother's bakery, Aditi's days begin with care and end with purpose. It may be a small space, but it holds big dreams.

Government of
Tamil Nadu

Tamil Nadu

In Tamil Nadu, Akshaya Patra started its operations in July 2011. Today, it serves mid-day meals to 0.04 lakh children in the state.

A young boy, Pritiranjana Panda, is standing in a library. He is wearing a yellow school polo shirt with a green circular logo on the left chest. He is holding an open book with a colorful illustration of a landscape. The background shows shelves filled with books and a window with a view of the outdoors.

Silent moves, sharp mind

Pritiranjana

Pritiranjana Panda is an 8th standard student of Government Upper Primary School Rakama, in Bhopur, Odisha. His passion for science, chess and learning burns brightly despite life's modest circumstances.

Learning Beyond the Syllabus

Science fascinates him. Sketching biology diagrams helps him come closer to his dream of becoming a doctor.

Turning the Game Around

He once checkmated with just a bishop and a pawn. “One good move can change everything,” he says.

Setting the Board

For Pritiranjana, every chess move is a life lesson—observe, plan, and act when the time is right.

*Chess teaches
you patience*

”

Fuel for the Journey

Akshaya Patra meals keep him energised and focused.

*Soyabean
curry is my
favourite*

”

Where Curiosity Begins

“He’s full of questions,” says his mother, Pratima. “Always asking how the world works.”

In a modest home, faith, effort, and blessings carry his dreams forward.

Victory Earned Silently

Ten trophies tell his story of chess wins, quiz brilliance and an unstoppable will to improve.

Agility of Body and Mind

Beyond books and boards, he runs with equal passion—balancing intellect with energy.

Chasing dreams, stride by stride

With every game, question, and sketch, Pritiranjana runs towards a future where he turns losses into victories — saving lives, one move at a time.

Dreaming big, living bright

Harshita Vishwakarma

At 14, Harshita Vishwakarma dreams beyond the boundaries of her school — Shaskiya Madhyamik Vidyalaya, Lambakheda, Bhopal. She imagines herself teaching in a school, living in a home she build with her efforts and driving a black Thar on the wide streets of Bhopal.

A stroke of devotion

Harshita has interests that extend beyond books. She paints with soul — often sketching Lord Hanuman or Lord Krishna. “She brings them alive on paper,” her principal says proudly.

*I like working
with colours and
friends*

”

A plate of joy

Dal, pulao, kheer, aloo-sabzi
— Harshita loves them all.
“On Fridays, I bring back
kheer to relish at home in
peace!” she grins.

Friends and laughter

Whether it’s a classroom quiz or a game of *Kho-Kho*, Harshita plays to win. She participates whole heartedly with her best friends, Geetika and Spurti on her side.

'Drama queen' at home

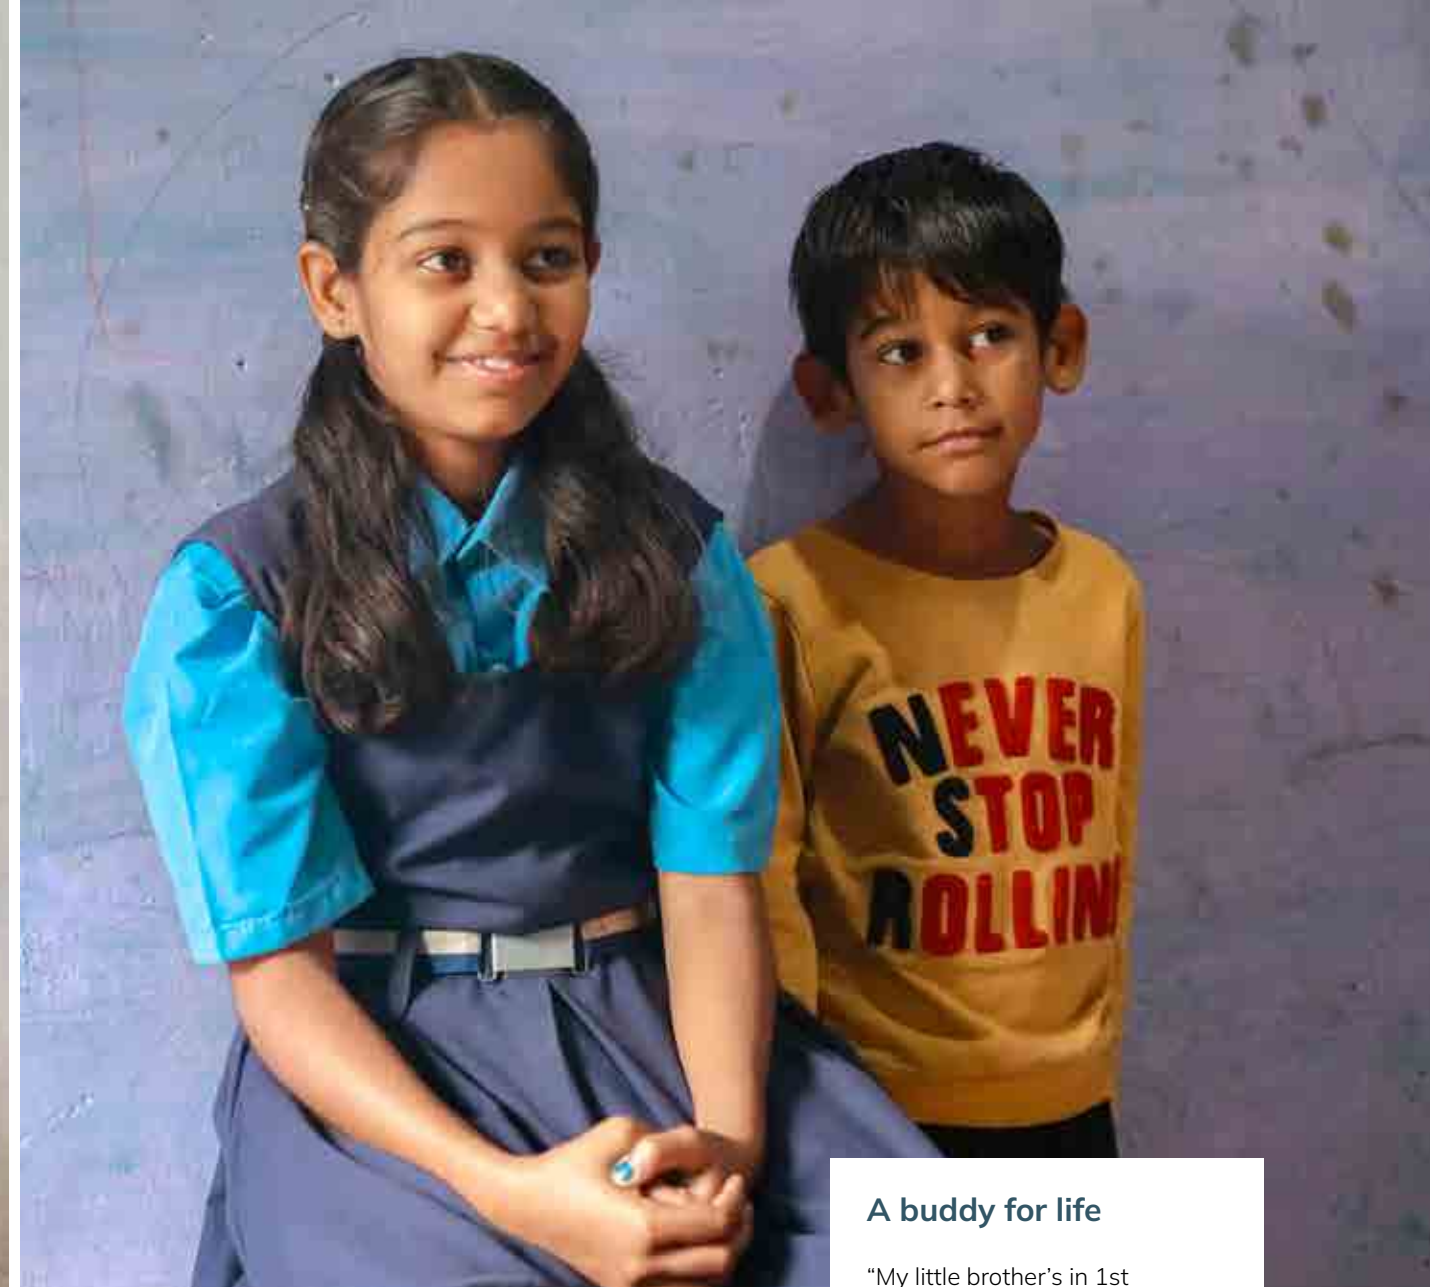

"She's the most mischievous one," says her mother, Shobha Rani. "Once she cried in the market for a dress, and wouldn't stop till we got it," she says with a laugh.

On busy mornings, it's such a relief knowing that she eats good food at school.

Dreams in colour

Inspired by the legendary singer Asha Bhosale's story, Harshita aspires to prove the world wrong. She wants to make her parents smile with pride one day.

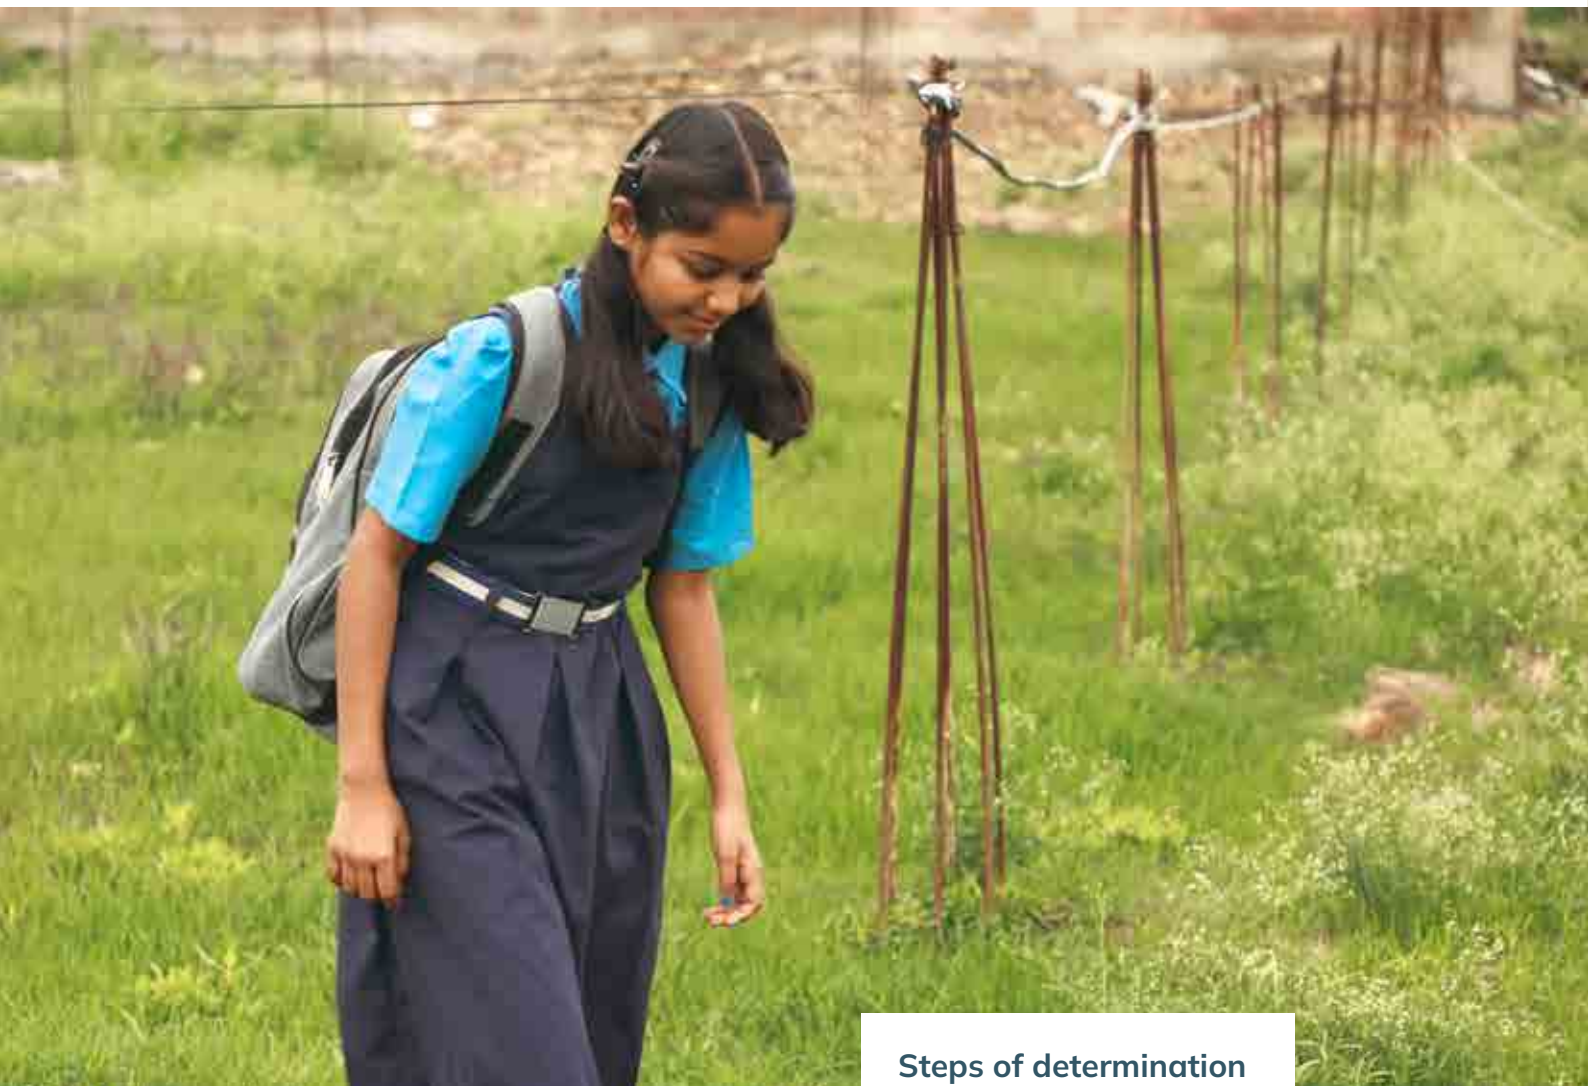

A buddy for life

"My little brother's in 1st standard now. If he troubles me, I'll teach him a lesson," she jokes — before pulling him closer lovingly.

From village lanes to bold dreams

From her father's auto weaving through Bhopal's streets to her mother's late night cloth stitching, they did everything to pave a way for Harshita's dreams.

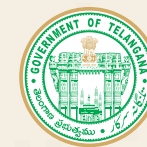

Steps of determination

Every step to school is a stride towards a better tomorrow. "One day, I'll stand in front of a class and teach for real," she says.

I'll prove that I can become something and make my parents proud.

”

Government of
Telangana

Telangana

Since 2017, when we began our programme in Telangana, Akshaya Patra has grown to serve 1.65 lakh children every day across four locations.

Independent Auditor's Report

To the Trustees of The Akshaya Patra Foundation

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of The Akshaya Patra Foundation ('the Trust'), which comprise the Balance Sheet as at 31 March 2025, the Income and expenditure account and the Receipts and Payments Accounts for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information, which have been prepared by the Board of Trustees of the Trust in accordance with basis of preparation described in note 1.2(i) to the financial statements.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view, in conformity with the basis of preparation described in Note 1.2(i) of these financial statements.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Trust in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 1.2 (i) to the accompanying financial statements which describes the basis of its preparation which is in accordance with the accounting policies adopted by the Board of Trustees which governs the Trust, in the absence of any authoritatively established accounting principles applicable to charitable Trusts which do not carry out any commercial activity. Our opinion is not modified in respect of this matter.

Chartered Accountants
Offices in Bengaluru, Chandigarh, Chennai, Dehradun, Gurugram, Hyderabad, Kochi, Kolkata, Mumbai, New Delhi, Noida and Pune

Walker Chandio & Co LLP is registered with limited liability with identification number AAC-2085 and has its registered office at L-41 Connaught Circus, Outer Circle, New Delhi, 110001, India

Responsibilities of Board of Trustees and Those Charged with Governance for the Financial Statements

5. The accompanying financial statements have been approved by the Board of Trustees. The Board of Trustees are responsible for the preparation and presentation of these financial statements in accordance with the basis of preparation described in Note 1.2 (i) of the financial statements. This responsibility also includes design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
6. In preparing the financial statements, the Board of Trustees is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Trustees either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.
7. The Board of Trustees is also responsible for overseeing the Trust's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Trust has in place adequate internal financial controls with reference to financial statements and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Trustees; and

Walker Chandio & Co LLP

- Conclude on the appropriateness of Board of Trustees use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The Akshaya Patra Foundation
Notes to the financial statements for the year ended 31 March 2025

1. Significant accounting policies

1.1 Organisation overview

The Akshaya Patra Foundation ('the Trust' or 'TAPF') is registered under Indian Trust Act 1882 as a Public Charitable Trust. It was formed on 1 July 2000 and was registered on 16 October 2001. The Principle objective of the trust is to provide sustenance and support through provision of free food, meals, refreshment etc. during the school hours so that their continued attendance in schools and prolongation of education are ensured. This is implemented in partnership with the respective central/state governments.

The Trust is also involved in various other charitable activities such as providing food for babies and mothers in Anganwadis and implementing various other programs for the relief of the poor.

1.2 Significant accounting policies

(i) Basis of preparation of financial statements

The balance sheet, the income and expenditure accounts and the receipts and payments account are prepared under the historical cost and convention and the accounting is carried out on accrual basis. In the absence of any authoritatively established and mandated accounting principles for the specialized aspects related to charitable trusts which do not carry out any commercial activity, these financial statements have been prepared in accordance with the accounting policies adopted by the Board of Trustees which govern the Trust. There are no other trusts or entities over which TAPF exercises controlling interest, thus there is no requirement of consolidating the financial statements of any entities into the TAPF's financial statements. The financial statements are prepared in Indian Rupees and rounded off to the nearest lakh.

(ii) Use of estimates

The preparation of the financial statements in conformity with the significant accounting policies requires that the Management to make estimates and assumptions that affect the reported amounts of income and expenditure of the year and reported balances of assets and liabilities. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

(iii) Current versus non-current classification

The Trust presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Intended to be consumed in normal operating cycle
 - Expected to be realised within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Trust classifies all other liabilities as non-current.

1. Significant accounting policies (continued)

(iv) *Property, plant and equipment (PPE)*

Tangible assets:

PPE are stated at cost of acquisition or construction, less accumulated depreciation. The cost of PPE includes the purchase cost and any other directly attributable costs of bringing the assets to their working condition for the intended use. Borrowing costs, if any, directly attributable to acquisition or construction of those assets which necessarily take a substantial period of time to get ready for their intended use are capitalised.

PPE received as donation in kind are measured and recognised at fair value on the date of being ready for their intended use, except for Land and Buildings allocated to the Trust on Right to use basis without transfer of ownership/title and without consideration, which are not recognised separately in the financial statements.

Advances paid towards the acquisition of assets as at the balance sheet date are disclosed under long-term loans and advances.

Intangible assets:

Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization

(v) *Impairment of property, plant and equipment*

The Trust periodically assesses whether there is any indication that any PPE may be impaired. If any such indication exists, the Trust estimates the recoverable amount of the asset. If such recoverable amount of the PPE is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the income and expenditure account. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

(vi) *Depreciation and amortisation*

Depreciation on property plant and equipment and amortisation on intangible assets is provided on a straight-line method basis over the estimated useful life as follows:

Class of assets	Estimated useful life in years
<i>Tangible assets:</i>	
Buildings	15
Plant and equipments	3
Office equipments	3
Computer equipments	3
Furniture and fixtures	5
Vehicles	3
Distribution vessels	2
<i>Intangible assets:</i>	
Computer Software	3

Land is not depreciated. Depreciation on leasehold improvements is provided over the primary lease term or the useful life of assets, whichever is lower. Depreciation is charged on a proportionate basis

1. Significant accounting policies (continued)

for all assets purchased and sold during the year. Individually low cost assets, acquired for less than Rs 5,000 (other than distribution vessels), are depreciated fully in the year of acquisition.

(vii) *Inventory*

Inventory comprises provisions and groceries which include food grains, dal and pulses, oils and ghee and other items like spares and fuel. Inventory is valued at cost, determined under the first in first out method.

In case of support from Governments on food grains, the inventory cost is determined at the government regulated price.

Cost of inventory, other than those received as support from Government on food grains, comprises purchase cost and all expenses incurred in bringing the inventory to its present location and condition.

Inventories received as donation in kind are measured at fair value on the date of receipt.

(viii) *Investments*

Investments are either classified as current or non-current based on management's intention as on date of purchase. Current investments are carried at the lower of cost and fair value determined separately for each individual investment. Non-current investments are carried at cost less diminution, other than temporary, in value, determined separately for each individual investment. Profit or loss on sale of investments is determined separately for each investment.

(ix) *Donations and Receipt of Grants*

Grants and Donations received other than in kind:

Donations received, other than those received for depreciable property, plant and equipment are recognised as income when the donation is received, except where the terms and conditions require the donations to be utilised over a certain period. Such donations are accordingly recognised rateably over the period of usage or on utilisation. The deferred income is disclosed as "Deferred donation – feeding" under other current liabilities in the balance sheet.

Donation received towards depreciable assets, the ownership of which lies with the Trust, are treated as deferred donation income and recognized as donation income on a straight-line basis over the useful life of the asset.

The deferred donations towards depreciable assets received in cash being identified as funds which provide long term benefits to the Trust, are disclosed under Designated Funds in the balance Sheet.

Donation received in cash towards non-depreciable assets, the ownership of which lies with the trust, are treated as earmarked donation and not recognised as income.

Grants and Donations received in kind:

Donations received in kind from non-government entities, other than those received for depreciable assets, are measured at fair value on the date of receipt and recognised as income only upon their utilisation. Unutilised donations are deferred and disclosed as kind donations or grain grants received in advance under other current liabilities in the balance sheet.

Donations received in kind towards depreciable property, plant and equipment, the ownership of which lies with the Trust is treated as deferred donation income and recognized as donation income on a straight-line basis over the useful life of the asset.

The deferred donations towards depreciable assets received in kind being identified as funds which provide long term benefits to the Trust, are disclosed under the Designated Funds in the Balance Sheet.

1. Significant accounting policies (continued)

Donations and Receipt of Grants (continued)

Donation received with specific direction:

Donations made with a specific direction that they shall form part of the corpus fund or endowment fund of the Trust are classified as such, and are directly reflected as trust fund receipts in the balance sheet.

Government Support received:

Government Support related to cooking cost in cash or in kind are recognised as income when the obligation associated with the Support is performed and right to receive money is established and reflected as receivables in the balance sheet. Income earned in excess of amounts billed is disclosed as Unbilled Cooking Cost to the State Governments under Current assets. The value of government support received for food grains is determined based on the government regulated price of those goods at the time of receipt.

Income from receipts for other programs is recognised when the associated obligation is performed and right to receive money is established.

Interest on deployment of funds is recognised using the time-proportion method, based on underlying interest rates.

(x) *Income tax*

The Trust is registered under Section 12A of the Income-tax Act, 1961 ('the Act'). Under the provisions of the Act, the income of the Trust is exempt from tax, subject to the compliance of terms and conditions specified in the Act. A provision is recorded in case the Trust fails to comply with the relevant terms and conditions of the Act.

Consequent to the insertion of tax liability on anonymous donations vide Finance Act, 2006, the Trust provides for the tax liability in accordance with the provisions of Section 115 BBC of the Act, if at all there are any such anonymous donations.

(xi) *Foreign exchange transactions*

Foreign exchange transactions are recorded at a rate that approximates the exchange rate prevailing on the date of the transaction. The difference between the rate at which foreign currency transactions are accounted and the rate at which they are realized is recognized in the income and expenditure account.

(xii) *Provisions and contingent liabilities*

Provisions are recognised when, as a result of obligating events, there is a present obligation that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent liability disclosure is made when, as a result of obligating events, there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

No provision or disclosure is made when, as a result of obligating events, there is a possible obligation or a present obligation where the likelihood of an outflow of resources is remote.

1. Significant accounting policies (continued)

(xiii) *Retirement benefits*

Provident fund:

All eligible employees receive benefits from provident fund, which is a defined contribution plan. Both the employee and the Trust make monthly contribution to the fund, which is equal to a specified percentage of the covered employee's basic salary. The Trust has no further obligations under this plan beyond its monthly contributions. Monthly contributions made by the Trust are charged to income and expenditure account.

Gratuity:

The Trust provides gratuity, a defined benefit retirement plan, to its eligible employees. In accordance with the Payment of Gratuity Act, 1972, the gratuity plan provides a lump sum payment to the eligible employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's basic salary and tenure of employment with the Trust. The gratuity liability is accrued based on an actuarial valuation at the balance sheet date, carried out by an independent actuary.

Compensated absences

The employees of the Trust are entitled to compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation based on the additional amount expected to be paid as a result of the unused entitlement that has accumulated as at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

The Trust treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided based on the actuarial valuation.

(xiv) *Leases*

Assets acquired under lease where the significant portion of risks and rewards of ownership are retained by the lessor are classified as operating lease. Lease rentals are charged to income and expenditure account on a straight line basis over a non-cancellable period.

(xv) *Related party transactions*

The Trust has identified the entities as related parties which are trusts or societies or any other entity having one or more common Trustees. The value for the related party transactions is computed based on the methodology agreed with the related parties and as agreed and adopted by the Board of Trustees. The Trust has a framework to cross charge at a marginal cost-plus mark up, for the use of facilities by the related parties. All the transactions with the related party are recorded in books of accounts.

The Trust identifies Key managerial personnel (KMPs) having significant influence as related parties. The KMPs of the Trust include Chief Executive Officer and Chief Financial Officer.

(xvi) *Cash and cash equivalents*

Cash and cash equivalents comprise cash and balances with banks. The Trust considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

The Akshaya Patra Foundation

Notes to the financial statements for the year ended 31 March 2025

(All amounts are in Indian Rupees lakhs(₹) unless otherwise stated)

2.24 Capital commitments and contingencies

	For the year ended 31 March 2025	For the year ended 31 March 2024
Estimated amount of contracts remaining to be executed on capital account and not provided for, net of advances	2,396.09	1,910.18
Performance bank guarantee		
- with YES Bank	111.67	113.53
- with Indusind Bank	307.41	180.74

The Trust has issued bank guarantee from YES Bank is secured by amount of fixed deposit with bank which amounts to ₹111.57 lakhs in the current year and ₹ 113.53 lakhs in the previous year.
The Trust has also issued bank guarantee from Indusind bank which is secured by fixed deposit which amounts to ₹ 307.41 lakhs in the current year and ₹ 180.74 lakhs in the previous year.

Note on Goods and Service Tax

The Trust is engaged in Charitable feeding activities against receipt of Government Financial Support and as per the Management, the said activity is "not in the course of business", further the Trust "does not receive any consideration from the beneficiaries" and the Government Financial Support cannot be treated as "a consideration" as it is only a pass-through given that the Trust is under contractual obligations to spend the entire amount without earning any mark-up on specified items of expenditure. Furthermore, the Management emphasis that the Trust is under the obligation to meet the remaining items of expenditure (mainly manpower, distribution and kitchen running and administration costs) through donations.

However, the Authority of Advance Ruling in Rajasthan under Goods and Services Tax Act has given an Adverse Ruling that serving of food under Government sponsored program, transfer of goods/capital equipment exclusively used for such charitable feeding activities between kitchens situated in different states of the Trust and sale of scrap items generated during such charitable feeding program are "in the course of business and hence are covered under the scope of supply as per Section 7 of the CGST/SGST Act 2017".

The Trust has been advised by their legal consultants during FY 2018-19, that the above ruling is bad in law as it erroneously treats the Government Financial Support as a consideration under GST Laws. The Rajasthan High Court has admitted the Writ Petition filed against the above Ruling and judicial proceedings are under way. During earlier years, the Hon'ble court has given a stay on the above Order of Rajasthan Advance Ruling Authority.

The charitable feeding programs provided to education institutions providing services by way of pre-school education and education up to higher secondary school or equivalent are exempt from GST vide Notification Number 12 / 2017 issued under CGST Act.

The Management, based on their independent legal consultant's advice believes that the above principles are applicable for Government Financial Support received towards Charitable Feeding Program as well as Covid Relief Operations and hence there would be no GST implication on the financial support received from Government on such charitable activities of the Trust and accordingly will not have any adverse impact on the financial statements.

Once a student, now a guide

Geeta Yadav

From the cracked heels of her barefoot childhood days to the steady voice in her classroom today, Geeta Yadav's journey is a full-circle homecoming. Her story showcases dedication and deep purpose.

From Student to Teacher

Geeta Yadav, who once sat in these very classrooms of Veer Savarkar Hindi Shala, Vadodara, Gujarat, now teaches here. She is shaping young minds with the same sincerity she once reflected.

Where It All Began

This old photograph captures Geeta as a child in 1st standard. The school was modest; the challenges were many. But her resolve was already forming.

I grew up eating Akshaya Patra meals from Class 1 to 7. I can say it proudly that I've become strong because of it.

Teaching from the Heart

She doesn't just deliver lessons; she builds trust. From FLN (Foundational Literacy and Numeracy) activities to storytelling, Geeta ensures learning is visual, interactive, and kind.

Standing Abreast with Peers and Mentors

The teachers who once guided her are now her colleagues. "It's emotional," she says. "I get love. I get respect. I am living my dream."

The Joy of Passing It On

Watching her students succeed reminds Geeta that she returned to make sure the next generation feels supported, not stranded.

Inspiration in Flesh and Blood

Geeta Ma'am, the woman who once inspired her, now watches her pupil carry forward the same compassion into every lesson.

A Quiet Bond

After long school hours, it's Geeta's dog, Dolly who stays closest to her. It is her soft companion in a life led with purpose.

The Women Who Raised Her

With her father and brothers away for work, Geeta grew up in a home anchored by women. Her strength, resilience and empathy reflect the upbringing of her mother and sisters.

They used to say, you're from a government school, what will you achieve? Today, my family is proud of me. And I feel fulfilled.

”

Tripura

Akshaya Patra began feeding in Tripura in 2017 and currently feeds 0.01 lakh children in the Northeastern state.

From the soil, for the soul

Ambrish

Once nourished by Akshaya Patra's mid-day meals, now one of the fresh produce supplier for them; Ambrish's journey is a circle of care, where every seed he plants carries the memory of the child he once was.

Harvesting With a Purpose

Every vegetable cultivated and loaded is destined for the Akshaya Patra kitchens. "Only the best goes in," says Ambrish, watching each bundle like a guardian of quality.

*When I saw my father
toil in fields, I knew this
is what I wanted*

Nothing But the Best

"I wash each vegetable three times. Not once or twice, but thrice. After all, these are for children."

Begins with a Seed

"Farming is a sacred art. Every seed holds a future," he says. His hands, once holding textbooks, now cradle produce that feeds school children across Karnataka.

Quality in Every Crate

No blemish is too small to correct, because children deserve only the finest. “We remove every blemish, every stone or anything that could reduce the quality.”

What Stands, Protects

Ambrish and his team work like a scarecrow in the field. They don’t seek praise; they seek only purpose. They ensure that the crops are grown with utter care, so that the children can be have a good quality of food.

A Collective Effort

In Ambrish’s fields, labourers become co-guardians of nourishment. “We don’t cut corners. We don’t rush the process,” he says.

With Heart and Humour

It’s not just produce that gets packed here; it’s pride, perseverance and the warmth of a team that believes in what they grow.

Home-grown Strength

With his mother Geetha and siblings Pavithra and Netraj, Ambrish's foundation was built not just on land, but on love, sacrifice, and silent support.

Roots, Laughter, Legacy

In the quiet gaps between labour, there's laughter. These moments with his siblings aren't just breaks — they're the bonds that keep the purpose strong and the legacy alive.

Government of
Uttar Pradesh

Uttar Pradesh

Since its beginning in Uttar Pradesh in 2004, Akshaya Patra's reach has expanded to nourish 3.25 lakh children in eight locations.

Our Network

- 171 Management Message
- 173 Our Leadership
- 175 Our Units

Management Message

From humble beginnings, serving 1,500 children in five schools in a single city, we have grown to serve 22.5 lakhs children across 78 locations in 16 states and 3 union territories.

We are grateful to all our stakeholders – the government, our corporate partners, individual donors, volunteers and well-wishers – for their continued support all along but the journey ahead is as important.

We are now in the 25th year as a proud implementing partner of PM POSHAN, ensuring that children get the nutrition they deserve and make the most of their childhood. Our impact over the years, the unwavering support of our partners, inspiring stories from our beneficiaries and the dedication of our teams encourage us to explore new avenues to benefit more communities.

This has led us to launch initiatives like feeding homeless mothers and Anganwadi feeding along with undertaking humanitarian food relief services during emergencies. We have also expanded the scope of our service through non-feeding initiatives like scholarships and school rejuvenation.

Additionally, we strive to give our children a safe future through sustainability initiatives and we are confident that our stakeholders' backing will make our vision a reality. We are deeply grateful for your trust and support. Let's continue empowering our children and communities until India leads the way on the global stage.

Uttarakhand

Akshaya Patra began in Uttarakhand in 2022
and currently feeds 0.29 lakh children
in two locations in the state.
