FOREWORD

(Second Edition, 2025)

As part of the initiative to enhance ease of doing business, competition, value for money, transparency, fairness and good governance in public procurement, the Department of Expenditure, Ministry of Finance had released various Manuals for Procurement.

2. This Works Manual, Second Edition (2025) incorporates significant policy changes since its first edition in 2019 (updated in 2022) – resulting from stakeholder discussions, FTA dialogues, Covid policy responses, various studies and reports, amendments to the General Financial Rules (GFR) 2017, Delegation of Financial Powers Rules (DFPR) 2024, and new legislative developments such as the Mediation Act — as well as evolving practices in the procurement ecosystem.

3. The Works Manual is intended primarily for Ministries and Departments with limited in-house engineering capacity, providing broad procedural guidance for small repair works up to ₹60 lakh, and for procurement of larger works through the agency of Public Works Organisations (PWO) or Public Works CPSEs. Major engineering organisations with established departmental procedures may continue to follow their approved frameworks.

4. I would like to acknowledge the dedicated efforts of the team led by Shri Chinmay Pundlikrao Gotmare (Joint Secretary), Shri Sanjay Aggarwal (ex-Advisor PPD) and comprising Shri Manish Bhatia (Director), Shri Anil Kumar (Deputy Secretary), Shri Praveen Kujur (Under Secretary), Shri Sudesh Kumar (Section Officer), Shri Girish Bhatnagar (Sr. Consultant) and Shri Vikram Rajvanshi (Procurement Specialist). I also extend my gratitude to Ministries, Department and other Organisations that reviewed drafts and provided valuable inputs.

5. It is hoped that this Manual will serve as a practical and dependable guide to all officers and organisations engaged in the procurement and execution of public works.

(V. Vualnam)

3. **Manual for Procurement of Goods as a Comprehensive Reference:** The 'Manual for Procurement of Goods, Second Edition, 2024' is written to be a comprehensive reference. Other Manuals (Works, Consultancy, and Non-consultancy Services) are self-sufficient from the point of carrying out a procurement; however, common topics relevant for a deeper understanding of the fundamentals of procurement are included only in brief in these manuals, giving reference to relevant details in the 'Manual for Procurement of Goods, Second Edition, 2024'.
4. **Annexures:** Voluminous details from various orders/ websites are relegated to annexures to maintain an uninterrupted flow of text on a topic. Since these orders/ websites undergo frequent revision, it would be easier to update the annexures than the body of the Manual.
5. An attempt has been made in this edition of Manuals to illustrate some topics with relevant examples.
